

Report Due Tonight On Street Dept. Study

Committee To Meet In
Closed Session Prior
To Council Meeting

Final touches of its report to the council on street department activities are to be made tonight in advance of the 8 o'clock council session by the Public Works Committee.

Chairman Samuel Whitfield said the committee will go over its report in a closed session and will not determine until then if there will be a report from the committee as a whole or if majority and minority reports will be given.

Any investigation of street department procedures was called off last week by the committee changing the motion as worded in the minutes of the Sept. 18 session, when Mayor Davis called for such a study in a statement in which he relinquished control of the street department and apparently called a halt to the feud between himself and Sup't. of Streets William Ward.

Seek Way To Save Funds

However, Altemus Frank Vesce, a member of the committee, stated at a committee session last week that while the members considered the need to be over, he was certain the committee would recommend methods to save money in the operation of the department and in the need for betterment of the entire city.

The mayor, who on Sept. 18 authorized Ward to run the department completely independent of his office and the council, has asked the committee to study closely the SUD report and follow its recommendations to improve operation of the department. He stressed the need for an overall work program on a citywide basis.

The SUD report was prominently displayed when the Public Works committee held a public hearing session last Monday evening prior to going into an hour-long closed session.

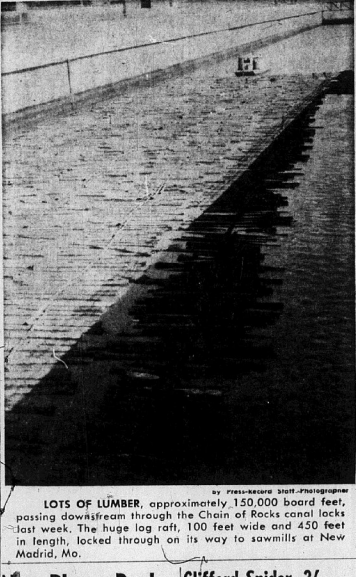

The SUD experts recommended the street department be placed under a new Public Works Department headed by a public works director who is to be an engineer and an appointed superintendent of streets.

City To Hire Engineer

While the establishment of such a department has not yet been approved by the council, steps are being taken to hire an engineer for the city, and the mayor has stated he plans to call for an ordinance to change the office of street superintendent from elective to appointive.

The next city election involving the superintendent of streets will be in April 1963.

The mayor, who took over the issuance of orders to street de-

LOTS OF LUMBER, approximately 150,000 board feet, passing downriver through the Chain of Rocks canal locks last week. The huge log raft, 100 feet wide and 450 feet in length, locked through on its way to sawmills at New Madrid, Mo.

New Phone Books Due Oct. 6; List Direct Dialing

The new Quad-Cities direct distance dialing service is featured in the 1961 edition of the telephone directory.

Delivery of more than 21,000 Quad-Cities phone books is under way Oct. 6. It will take about a week to distribute the directories.

George Maize, Southeastern Bell manager here, said direct distance dialing will be available for Quad-Cities subscribers on Oct. 15. With it, customers will be able to dial thousands of long distance calls as easily and quickly as they call across the street.

Direct distance dialing instruction pages, including a list of points that can be dialed directly, are contained in a special section at the front of the new phone books.

Undergo Surgery

The following are recovering at St. Elizabeth Hospital from surgery which they underwent since Thursday: John Duggan, Alton; Mae Miller, Route Four, Edwardsville; Ina Houston, 1101 Reynolds street, Madison; Grace Lange, Collinsville.

Leadership Conference To Be Held Here Oct. 12

Plans were completed last week by representatives of Southern Illinois University and Madison County Sup't. of Schools Wilbur R. Trimpe for a school administrators conference to be held Oct. 12 in Granite City.

The conference, planned in cooperation with the Tri-County Institute which will be in session that day, will take place from 9 a.m. to 3 p.m. in the Granite City high school.

School administrators, superintendents, assistant superintendents, curriculum directors, principals and mathematics teachers from an eight-county area have been invited to attend. Dr. Roy S. Steinbrunn and Loren Jung of SUD's education division are representing the university.

(Sixth of a series on proposed adoption of zoning for unincorporated sections of Madison County.)

Just like the weather, change is the most certain prediction for Madison County, and the pattern of change is particularly apparent in the real estate areas, where the future outlook shows fewer and larger farms.

Evert Kincaid and Associates, in their economic study prepared as a preliminary to consideration of zoning action, reported that the total number of farms may drop to 2000 by 1970, from the 2522 in operation in 1959.

Increase in farmland may decrease from the 354,024 total of 1959 to between 325,000 and 340,000 by the end of this decade, the report notes.

Three-Fourths of County's Land Although large tracts occupy some three-quarters of Madison County's total land area, the economic importance of agriculture, though significant, is far below that recorded for many counties in the state.

However, in 1954, it ranked favorably in comparison with neighboring counties with a \$10,000,000 value of all products sold. Macoupin county led with \$12,000,000, Montgomery, \$11,300,000, St. Clair, \$12,900,000, Clinton, \$8,400,000, Jersey, \$6,600,000 and Bond county, \$6,100,000. Madison county's total was three-fifths of the seven, representing 16.5% of their total.

3 Children Struck By Autos In Quad-Cities

8 Other People Hurt
As Weekend Crashes
Reach Total of 19

Quad-City area traffic injuries during the weekend included three school-age youngsters who were hurt when they ran into traffic lanes and were struck by autos.

The three in serious condition.

With 19 vehicle accidents tallied in local cities and the surrounding area, the injury toll reached 11. There were three crashes in which more than one person was hurt.

Edward D. Gessig, 2131 Missouri avenue is in good condition today at St. Elizabeth Hospital, where he was taken after being struck by the auto of Budora Hancock, 29, of 1348 Grand street, in 2128 Missouri avenue at 4:45 p.m. Saturday.

Rushed by ambulance to St. Elizabeth, the boy sustained contusions and abrasions to the head and left arm.

The motorist said police who were heading south on Missouri when the boy attempted to cross the street from east to west. He was hit by the left front of the car.

Runs Into Moving Auto

An 11-year-old Venice boy, George Anderson, 53 Lee Wright Homes, suffered an injury to the left leg as he ran into a moving car when he ran against the right front fender of an eastbound car on County road in Venice.

Mr. Snider was active in Veterans of Foreign Wars Post 1300 and St. Elizabeth Catholic Church.

He was unemployed, having last been employed by the Madison county's sheriff's office. Previously, he worked at the Granite City Steel Co. Blast Furnace Division.

He is survived by a daughter, Diana, 14, a son, Timothy, six, both of Granite City; one sister, Mrs. Kenneth (June) Wanda of St. Charles, Mo.; and his parents, Mr. and Mrs. Clestus Snider of the Nameoki road.

Funeral arrangements are given in the obituary column.

26 DAYS WITHOUT A QUAD-CITY TRAFFIC DEATH

Friday was the final day of operation for the Granite City office. Personnel was transferred to the offices in Alton and East St. Louis in which Phil Phillips said would increase both efficiency and economy of operation.

Friday was the final day of operation for the Granite City office. Personnel was transferred to the offices in Alton and East St. Louis in which Phil Phillips said would increase both efficiency and economy of operation.

Dr. Skirball Named Hospital Medical Staff President

Dr. Alan Skirball will serve as president of the St. Elizabeth Hospital medical staff for the coming year, it was announced today. He succeeds Dr. Melvin J. Freedman.

Other officers named, also to serve one-year terms, are Dr. Belmont Thiele, who succeeds Dr. Otto Bauer as vice-president; Dr. Felix Korn, who succeeds Dr. Otto Bauer as vice-president; and Dr. Robert Green, Dr. Clair, Jersey, Calhoun and Monroe.

County Will Have Fewer But Larger Farms

With a \$12,300,000 listing of farm products sold in 1959, the total farm value of crops that year amounted to \$12,976,000.

"A breakdown of this \$12,976,000 shows 40.5% or \$5,250,000 represented corn; 31.3% or \$4,166,000 soybeans for beans; 19.1% or \$2,474,000 wheat; 7.6% or \$988,000 hay; 0.5% or \$65,000 oats; 0.5% or \$65,000 barley; and 0.1% or \$100,000 rice."

"In 1959, the number of farms totaled 2522, a decrease of 173 from 1954 and 679 fewer than in 1950."

"On the other hand, the average size of farms rose from 133.8 acres in 1954 to 140.4 acres in 1959."

Mitchell Church Property Sold; Plan To Rebuild

Property of the St. Elizabeth Catholic Church at State Route 3 and U. S. By-pass 66-40, Mitchell, was sold, it was announced today, and the church will rebuild.

The church is on the south side of the Greenway Village subdivision for possible construction of a new church and school.

Ralph A. Morris, a member of the Morris Investment Co., said this morning his firm has purchased the old St. Elizabeth property, consisting of one and one-half acres and five buildings, including the church and school.

Morris said the church holds a year's lease on the building, after which it will be vacated and the property converted to commercial use. The old rectory is presently being used as a convent.

The transaction was completed through Very Rev. William Morris, bishop of the Springfield Diocese. Morris said.

Rev. Lawrence Mattingly, parish priest, said the church has not disclosed, nor will it, the exact plans for the new property in the immediate future.

"The tract was acquired for future needs only," he said. "If we need it later, it will be there."

He said present plans call for a convent to be built on the church's Pontoon road property. The property acquired by the church is on the south side of Moorland drive, just east of Mitchell grade school.

Price of the transaction was not disclosed, nor were details of future use planned for the existing church property given.

St. Elizabeth's owned the parish hall, a vacant restaurant and a vacant service station.

Nine Theft Cases Include Reports At Three Homes

Five Quad-City theft reports during the weekend included three reports of home burglaries, two reports of car thefts and two reports of thefts from businesses.

A charcoal grey six-stroke motor was stolen from the rear of a 1959 Dodge, 2402 Logan street, he discovered at 10:15 p.m. Friday. They had been removed from a dresser by an intruder who apparently forced open a locked rear door.

Leland S. Beidle, 3088 Wayne avenue, reported to police yesterday that a 1957 Ford coupe, valued at \$67, was taken from his carport Saturday night. He added that a 50-foot green plastic hose also was missing.

Attempted Break-In Three reports of attempted break-ins were reported to police Saturday morning that two west windows in the rear of a 1959 Dodge were broken Friday night and windows were torn off the side of the house. A glass door on the south side was broken in an apparent unsuccessful attempt to gain entry.

Colman, 2619 Iowa street, told police that he placed a white shirt on a counter while shopping in the Strauss store, 1313 Nineteenth street, Friday, and when he returned a few minutes later he found the shirt missing.

Someone stole the batteries out of three new cars on the Highway Motor Co. parking lot at 1837 Madison avenue within the last ten days, it was discovered Friday night when the cars were being transferred to another lot.

Harold Gen, 2907 Buxton avenue, told police that the front month program report for the

SPILT FOYER HOMES, like those near completion in this view along the 2300 block of Cardinal avenue, are among 33 new houses under construction or built since April in the Glenview area. Streets, sidewalks and lawns are also being installed in the new subdivision. Permits were issued last month for 28 new homes in Granite City.

A storm occurring between 2 and 3 p.m. Saturday halted electric service to about 400 families but added only 15-inch to the Quad-Cities' 1961 rainfall total, resulting in a grand total of 88.19 inches.

High wind caused tree limbs to be blown onto primary power lines at Sixth street and Alton avenue, Madison, interrupting service to between 400 and 250 users for about 40 minutes, and 13th street near Iowa street, Madison, halting power to a like number of customers for about 70 minutes, an Illinois Power Co. spokesman said.

The wind also blew down limbs in back yards, halting for brief periods the service to five individual families at several locations in Granite City and the Long Lake area.

Lightning Saturday afternoon struck a transformer, eliminating electricity at both Coolidge junior high school and the nearby high school gymnasium building. The loss is expected to amount to at least several hundred dollars.

Sewer Breaks On Agenda For Council Meeting Tonight

Damage to the sewerage system located near Granite City high school did not affect that school and was not discovered until Sunday afternoon. A crew from a local electrical contractor spent eight to ten hours at the scene, and the service was restored in time for normal operation of the buildings today.

A small amount of hail was mixed in with Saturday's rain, which varied in intensity at different locations, but no hail damage was reported.

With the 15-inch rainfall Sunday morning and counted in the city's rainfall total, the total showed no additional rain—September ended with a 3.65 total.

Included in the 3.65 inches of rain measured at the Corps of Engineers' gauge at the Chain of Rocks locks were 1.76 inches on Sept. 25, 1.10 on Sept. 14, 0.25 on Sept. 3, 0.30 on Sept. 13 and 0.5 on Sept. 2.

The 3.65 tabulation increased the eight-month 1961 total of 34.69 to 38.34 for nine months.

To Start At 7 A.M.

Hours of operation for the newly-dedicated Granite City district office will be 7 a.m. to 7 p.m. Monday through Friday, and 9 a.m. to 5 p.m. on Saturdays.

The board recommended that the jobs be finished as soon as possible before the labor force is cut. They are: work on the baseball diamonds; winterizing the pool center; the bathroom floors and putting a pump house pipe under ground; tree work and placing a tap on the Fehling road sewer.

In closing, the board discussed attending the joint-state convention of the Illinois State Association of Park Districts and Recreation Superintendents in Springfield, Oct. 18-20. Worthen, who is a state vice-president of the association, indicated he would attend as did Williams, Brown and Commissioner Harold Bloomquist and Milton Allen.

Storm Halts Power Service, Damages School Transformer

A storm occurring between 2 and 3 p.m. Saturday halted electric service to about 400 families but added only 15-inch to the Quad-Cities' 1961 rainfall total, resulting in a grand total of 88.19 inches.

High wind caused tree limbs to be blown onto primary power lines at Sixth street and Alton avenue, Madison, interrupting service to between 400 and 250 users for about 40 minutes, and 13th street near Iowa street, Madison, halting power to a like number of customers for about 70 minutes, an Illinois Power Co. spokesman said.

The wind also blew down limbs in back yards, halting for brief periods the service to five individual families at several locations in Granite City and the Long Lake area.

Lightning Saturday afternoon struck a transformer, eliminating electricity at both Coolidge junior high school and the nearby high school gymnasium building. The loss is expected to amount to at least several hundred dollars.

Bolt Travels Underground

Damage to the sewerage system located near Granite City high school did not affect that school and was not discovered until Sunday afternoon. A crew from a local electrical contractor spent eight to ten hours at the scene, and the service was restored in time for normal operation of the buildings today.

A small amount of hail was mixed in with Saturday's rain, which varied in intensity at different locations, but no hail damage was reported.

With the 15-inch rainfall Sunday morning and counted in the city's rainfall total, the total showed no additional rain—September ended with a 3.65 total.

The 3.65 tabulation increased the eight-month 1961 total of 34.69 to 38.34 for nine months.

War Memorial Fountain Operation Hours Changed

Hours of operation for the newly-dedicated Granite City district office will be 7 a.m. to 7 p.m. Monday through Friday, and 9 a.m. to 5 p.m. on Saturdays.

The board recommended that the jobs be finished as soon as possible before the labor force is cut. They are: work on the baseball diamonds; winterizing the pool center; the bathroom floors and putting a pump house pipe under ground; tree work and placing a tap on the Fehling road sewer.

In closing, the board discussed attending the joint-state convention of the Illinois State Association of Park Districts and Recreation Superintendents in Springfield, Oct. 18-20. Worthen, who is a state vice-president of the association, indicated he would attend as did Williams, Brown and Commissioner Harold Bloomquist and Milton Allen.

Building Soars In GC During September

28 New Dwellings, New
Store, Expansion At
Union Starch Plant

Construction permits totaling over a half-million dollars, including 25 new houses worth \$368,550 and expansion at Union Starch & Refining Co. valued at \$204,225, were issued in Granite City during the last week of September, boosting new building for the month to 92 permits and a total of \$786,430.

Union Starch obtained permits of \$24,225 for foundation construction for new feed elevator and \$180,000 for building a 50x110-foot pilot plant, for corn syrup.

28 new houses, including 28 one and one-half and two and one-half stories worth \$450,800; 11 commercial and industrial projects valued at \$37,475; two church structures worth \$55,000; 34 home improvement projects costing \$38,835; two garages and garages worth \$10,520; and location of three house trailers, valued at \$600, on vacant lots.

28 new houses, including 28 one and one-half and two and one-half stories worth \$450,800; 11 commercial and industrial projects valued at \$37,475; two church structures worth \$55,000; 34 home improvement projects costing \$38,835; two garages and garages worth \$10,520; and location of three house trailers, valued at \$600, on vacant lots.

In addition to the 28 new houses, a commercial permit in the amount of \$14,000 was issued to Joseph H. & Co., Enterprises, for construction of a 50x42-foot brick and block building at 2200 East Main road for lease to Frank Chapman of Maryland Park. Bill said the building will be leased for operation as a fresh meat market, grocery and variety store.

Other commercial permits were issued to Cooper Homes, Inc., for an addition to its own offices at 1505 West 11th street, valued at \$6,500, and a \$5000 permit to Illinois Power Co. for concrete work along 19th street where a gas main was installed.

15 Homes In Glenview The largest permit for houses went to Cooper Homes, Inc., to erect 15 frame homes on Cardinal avenue with aluminum siding, five rooms and bath at a cost of \$12,850 each.

Kent Realty Co. obtained six permits for houses at \$1,000 brick veneer with six rooms and two baths at 3243 Westchester drive, \$1,000 brick veneer with six rooms and bath at 3229 and 3239 Westchester drive; a \$1,000 brick veneer with six rooms, 1 1/2-bath at 3235 Westchester drive, and another at 3245 Westchester drive. The 6,000 brick veneer split level with six rooms, 1 1/2-bath at 8 Mercedes drive.

Herb Ross, contractor, was issued permits for three houses: a \$25,000 brick veneer with six rooms and two baths and garage at Lot 37 Villa drive, a \$23,000 brick veneer with six rooms, 1 1/2-bath at 8 Mercedes drive.

Union Charges Water Co. With Unfair Practices A charge of unfair labor practices against the East-St. Louis & Interurban Water Co. was lodged with the National Labor Relations Board by an attorney for the firm's striking office workers Friday.

The complaint, filed by St. Louis attorney John Schobel on behalf of Local 130 of the International Office Employees Union, charged that the company's top negotiator has no authority to make offers that the union "must" try to go directly to union members, by-passing the negotiating committee, and that the firm withdrew a wage offer after it had been accepted by the union.

The 28 office workers began picketing the water company offices Sept. 22, after negotiations broke down to bring forth a new contract to replace the one which expired Aug. 21.

Most of the strikers are employed at the company's East St. Louis office, while two work at the Granite City office and a few work at Bellevue. Some 80 other employees, members of other unions, have refused to cross the office employees' picket lines except for emergency work.

Attempts to mediate the dispute were made by the Federal Mediation Service and Bernard O'Keefe of the U. S. Mediation Conciliation Service, but have failed to produce an agreement.

PRESCRIPTIONS ARE THE MOST IMPORTANT PART OF OUR BUSINESS

Hoelscher, Steinhauer Lead UF Industry Drive

Raising over 40% of this year's Tri-Cities Area United Fund campaign goal of \$208,463 is the Industry Division's job, and Sidney L. Aubrey, general campaign chairman, has called upon G. W. Hoelscher and A. P. Steinhauer to share the task.

Hoelscher and Steinhauer are co-chairmen of the United Fund's Industry Division whose quota of \$123,000 is at least \$11,000 more than any of the other seven divisions. The industry division secures company and corporate gifts from industries in the Tri-Cities area. To do this, the division is divided into six sections—large industry, small industry, utilities, contractors, transportation and outside area firms.

Executive secretary of the East Side Manufacturers' Association, Hoelscher has served as chairman or co-chairman of the industry division each year since the formation of the United Fund in this area and formerly was chairman of the corporate section for the old community chest. He is president of the St. Elizabeth Hospital Advise-ry Board and was president of

the YMCA board of directors for 25 years. He holds the Silver Beaver Award from the Cahokia Mound Council, Boy Scouts of America, and was a member of the UF Board of Directors for the first three years of its existence.

At present, he is a member of the Social planning council of the United Fund, and administers the Health Services Fund for unmet medical needs of the Quad-Cities area.

Steinhauer, who is works manager for the American Steel Foundries, is a member of the UF board of directors and served on the admissions and distribution committee in last year's campaign. He also is a member of the board of directors, Cahokia Mounds Council, Boy Scouts of America, a United Fund agency.

Aiding Steinhauer and Hoelscher are four major or section leaders. They are: Dale Arnette, Arnette Pattern Co., small industry section; Gene H. Sternberg, G. H. Sternberg & Co., contractors section; Roy Kranz, General Steel Industries, Inc., transportation section; and John C. Schmitt, Illinois Power Co., utilities section. Hoelscher and Steinhauer are acting as section leaders for large industry, and Hoelscher is handling the outside area firms section.

The campaign kickoff is Tuesday Oct. 17.

Local School Districts

Receive \$84,426 In Aid

Checks totaling \$84,426 were mailed this week to the three local school districts participating in the Exceptional Children program during the 1960-61 year. Fifteen school districts in Madison county are to receive checks totaling \$153,048.

The Alton school district received the greatest reimbursement for the 1960-61 academic year, \$51,753. It was allotted \$20,521 a year ago when the Granite City district was recipient of the greatest sum, \$34,863. Following are the local 1960-61 returns with the previous year's figure in parentheses: Granite City, \$35,709 (\$24,693); Madison, \$10,117 (\$10,192); and Venice, \$2,520 (\$2,512).

Parents Of Daughter

Mr. and Mrs. Ralph McKinney, 2741 Dale avenue, are announcing the birth of a daughter Sunday afternoon at St. Elizabeth Hospital. The new arrival weighed six pounds, two ounces. She has a sister, Leah, 19 months old.

The father is employed in the advertising department of the Press-Record.

Vandals Break Windows

Floyd Colyott, a foreman for the Freeman Construction Co., reveals the changes which produced an increase in the average size of farms between 1954 and 1959.

"Data in the following table reveals the changes which produced an increase in the average size of farms between 1954 and 1959.

74% Harvested

"An analysis of land use on Madison county farms in 1959 shows that 248,279 acres of a total acreage of 335,716, or 74%, were devoted to harvested cropland; pasture, 60,188 acres, 17%; woodland not pastured, 15,987 or 4.8%; cropland not harvested or pastured, 10,004 or 3%; woodland pastured, 9692 or 2.9%; and irrigated farmland, 907 acres or 0.2%. Not all farms reported in respect to land use; the 335,716 figure is less than the total farm area of 354,024 acres.

"With but one exception—in the 10-to-40-acre group—the increase in average size of farms was brought about by an increase in the number of farms in the 220-acre and over category.

"American farming continues to present a paradox. Agricultural output in 1959 surpassed the high of 1958, but net farm income was lower.

Better-Equipped

"However, in spite of changing income, the long-run trend toward larger, better-equipped farms continues.

"And further increases in productive efficiency may be anticipated, assuring continuing price support and surplus problems.

"The future outlook for Madison county appears to be geared to the national expectations of reasonable stability of farm income, and further increases in

CARE to BET YOUR LIFE?

Would you gamble your health and happiness—your very life—on the senses? Test a coin? Foolish question? Perhaps. Yet, when you postpone obtaining professional diagnosis and treatment of recurring symptoms, you are doing just that—needlessly gambling for the highest stakes. Play it smart. Play safe! See your doctor today—he has nothing to sell you but good health.

MORE ABOUT

County Will Have Fewer

(Continued from Page 1)

In 1959, and there was a sharp increase in the average value of land and buildings per farm and per acre.

Gains In Acreage Value

"Average value of land and buildings in a farm rose from \$22,155 in 1954 to \$36,248 five years later. The acreage value increased from \$165 to \$251 during the same period.

"For the nation as a whole, 1959 average value per farm amounted to \$33,242 and the per-acre value was calculated at \$121, but values being significantly below the corresponding figures for Madison county. But the 1959 Illinois per-acre average values of \$64,076 and \$319, respectively, were considerably higher than such values for Madison county.

"Data in the following table reveals the changes which produced an increase in the average size of farms between 1954 and 1959.

74% Harvested

"An analysis of land use on Madison county farms in 1959 shows that 248,279 acres of a total acreage of 335,716, or 74%, were devoted to harvested cropland; pasture, 60,188 acres, 17%; woodland not pastured, 15,987 or 4.8%; cropland not harvested or pastured, 10,004 or 3%; woodland pastured, 9692 or 2.9%; and irrigated farmland, 907 acres or 0.2%. Not all farms reported in respect to land use; the 335,716 figure is less than the total farm area of 354,024 acres.

"With but one exception—in the 10-to-40-acre group—the increase in average size of farms was brought about by an increase in the number of farms in the 220-acre and over category.

"American farming continues to present a paradox. Agricultural output in 1959 surpassed the high of 1958, but net farm income was lower.

Better-Equipped

"However, in spite of changing income, the long-run trend toward larger, better-equipped farms continues.

"And further increases in productive efficiency may be anticipated, assuring continuing price support and surplus problems.

"The future outlook for Madison county appears to be geared to the national expectations of reasonable stability of farm income, and further increases in

GC, Madison Impressive In Conference Openers Friday

Trojans Annihilate Comanches 20-0, Bench Cleared In Big Green Romp

Redmen Take Wraps Off New Series In Second Half, Rout Kahoks 25-0

Taking the opening kickoff and marching to paydirt in 12 plays, Coach Glen "Pick" Pickering's gridder promptly made it known that there was an upset in the making Friday night in Madison, as Cahokia's Comanches were whitewashed 20-0 in the Midwestern Conference opener for both schools.

Displaying a lightning-fast offense that rolled up 290 yards rushing and an air-tight defense that yielded only 89 net yards, the Trojans soundly whipped Coach John Dal Santo's charges. Cahokia's Tytus Winters, a flashy halfback who leads the team in scoring and rushing, was held scoreless for the first time this year and picked up just 39 yards on the ground.

The victory left the Trojans with a 1-1 record for the season as Cahokia dropped its second decision in three games. Madison's 1-0 in conference play and the Comanches are 0-1.

Cooper Stars On Defense
Wait Cooper, a standout in last week's loss, kept Cahokia's two passers, Dave Miller and Bob Geppert, in "hot water" all night. The Comanches attempted 12 passes and completed only one for negative yardage, Madison's Vince Marasala was on the receiving end of two of the opposition's aerials.

Madison moved 64 yards in 12 plays, following the opening kickoff for its first score. Fullback Terry Andrews crashed over from three yards out with 6:45 remaining in the first quarter. Ken Griggs picked up the point after by scooting around his own right end and into the end zone.

The Trojans gained possession of the ball just six plays later following tackles by Charles Kossek and John Onesky which resulted in yards lost for the Comanches. Cahokia only had the ball 12 more times in the first half.

Petty Gains 132 Yards
The Big Green scored again with six minutes left in the second period on a 40-yard run by Eli Petty. The try for the PAT was fumbled and the Trojans

defensive unit for the closing seconds.

Cahokia's Peppert, attempting to pass, was hit hard by Cooper and the ball fell to the ground. Cooper recovered the piskin on Cahokia's 45-yard stripe.

Petty, on the last play of the game, brought the fans to their feet as he raced 31 yards on a "Statue of Liberty" play before being driven out of bounds on the Comanche 14 as the gun sounded.

CJHS Braves Defeat Clark Eleven, 47-0

A well-executed power sweep and some stout defensive play helped Coolidge Junior high school's Braves ring up a 47-0 victory over Clark JHS of East St. Louis here Thursday afternoon.

It was the Braves' second successive shutout win, and gave the team a 2-0 record. Clark will play in Collinsville Thursday at 4 p. m.

Eight plays took a hand in the scoring Thursday. Vince DeBevoise scored the first touchdown on a 20-yard sweep in the first period. Ricky Whittell went over from 15 yards out for another first-quarter score, and Jerry Lybarger added both extra points on plunges.

Lybarger scored on a four-yard plunge and added the extra point the same way in the second quarter, and a four-yard pass from Danney Newey to Joe Hauptman, followed by Whittell's PAT plunge, made the score 28-0 at halftime.

Barry Teeter scored on a 10-yard sweep and Doug Winfield plunged for the PAT in Coolidge's only third-quarter score. Mike Mounce went six yards for a fourth-period TD and Nick Jakich scored on a 12-yard sweep for the final 12 points in the fourth quarter.

Clark crossed the Braves' goal line once in the first quarter on a 60-yard pass play, but the score was called back because of an offside penalty.

Chances are Granite City head football Coach Andy Sullivan has never studied Dale Carnegie's book, "How to Win Friends and Influence People." And chances are he never will, if his halftime dressing room talk continues to be as effective as one was here Friday night.

For, following a "reading off" in their quarters at intermission, the Warriors came back from a somewhat lopsided 6-0 first-half lead to play near "picture book" football in the second half, and went on to a 25-0 Southwestern conference win over Collinsville.

It was in the dressing room at halftime that the decision was made to unveil the "belly series" in the second half. Sullivan said, "Granite City's offense had been stalled effectively by a young and for the most part inexperienced Kahok line."

Week-Old Offense
"We gave it (the new offense) to the boys the week of the Madison game," Sullivan continued, "and they learned it pretty well in a short time" — well enough to roll up 208 yards rushing in the first seven plays, but lady luck was riding on the home team's shoulder pads, and GC even picked up two first downs in the initial series before Quarterback Bill Lierman's first pass was intercepted by Harry Hildreth on his own field.

Four plays later at the Collinsville 16, Hildreth was hit hard as he started over right tackle. The ball squirted loose and was dashed into the left-hand corner of the Kahok end zone with 5:45 left in the first period. Bret Bjorkman's kick for the extra point was wide.

Late in the first half a 24-yard gallop by Halfback Mary Meyer and a Joe Brennan-to-Meyer pass moved the Kahoks to the Granite City 14. With time running out, Brennan came within an eyelash of hitting prospective pass receivers near touchdown territory, twice on the GC goal line and once in the end zone.

The Warriors limited Collinsville to 30 plays from scrimmage in the second half, and the home forces' offense — a complete switch from the straight handoff plays of the first two quarters — seemed to confuse the Kahok defenders.

Collinsville barged from the GC 45 to the 14 yard line before a Kahok fumble was covered by Dan Hindell for Granite City, a guard who led the Warriors on defense with 13 tackles.

School was out for the visitors.

Lierman's Play Polished
Lierman, running the series with polish, moved the club to near midfield in six plays. On a multiple fake and keeper play at the GC 48, he came to the right side and then pitched back to Quentin Hoover, who sprinted to the Collinsville one, where he was caught from behind.

Fullback Charlie Haag blazed over from the one on the next play and Bjorkman added the extra point from placement for a 13-0 lead.

The Warriors scored twice in the final period, the first drive carrying 64 yards in 12 plays, operated at Annapolis.

Lierman slid off his own left guard for the final yard.

Sophomore Scores
The final march went 37 yards in eight plays. This time it was Sophomore Fullback Bob Fyle who bulled over from three yards away with 1:33 remaining on the scoreboard clock.

Sullivan also credited the second half GC showing to a revised defense. "We were expecting them to go wider with their speed, but they were cutting back and catching our linebackers out of position," he said. "When we discovered our line was good enough to contain them up the middle, we were able to adjust to their offense."

The freshman, whose club at 2-1, already is assured of a better season than last fall, credited Defensive Ends Jerry Sars and Terry French and a Linebacker Haag with solidifying Granite City's defense in the second half.

PRESS-RECORD SPORTS

Page 6 Mon., Oct. 2, 1961 Granite City PRESS-RECORD

UP AND OVER goes unidentified opponent from St. Louis University during informal judo mat conducted by the Granite City Judo Club at the YMCA. Roger Bloodworth of the GCJC, who won this brown belt division contest, is making the throw.

Year-Round Training And Practice

Paying Dividends To GC Judo Club

Chances are that if you passed by the local YMCA on any given evening this summer and chanced to glance through the open windows on the ground floor at the corner of Edison Avenue and 20th Street, the room inside was filled with white-clad youngsters and adults participating two-by-two in what appeared to be some type of unusual dance step.

Actually, they were members of the Granite City Judo Club who, unperturbed by the warm weather, were getting in some extra practice in a sport where the maintenance of timing and coordination is of year-round importance.

Such diligence of purpose is typical of club members who belong to a group which has grown in four years into an organization recognized throughout the Midwest by other judo clubs as "tough competition."

Record Enrollment
This fall, the GCJC begins its advanced class sessions with a record enrollment of 73. The number probably will grow as novice students complete requirements for club membership in beginner classes also planned at the YMCA.

Presently, the advanced group, including those who take part in competition sanctioned by the Chicago Yudanshaikai (seat of sport judo in the Midwest), are meeting from 7 to 10 p. m. each Monday, Tuesday and Thursday.

The program has been made more attractive by the addition of a weight training schedule and a recreational swim in the "W" pool following activities on the mat in the judo club's room.

Chicago Meet
Formal competition with other clubs will not begin until Oct. 29, when the GCJC sends representatives to the Lawson YMCA in Chicago, but one informal four-team meet was held here last week.

Importance of a year-round training program was brought home as members of the local club finished first in two of the three divisions and second in two categories.

Planning ahead, the club will offer beginner classes for boys and girls aged eight through 13 this fall at the YMCA, and judo will be included on the list of activities available to enrollees in the YMCA's Teen Town program.

Fields, Venice Beat Breese Friday, 6-4

"Two in a row and one to go" might be the motto of Venice high school's baseball team today. After dropping the first three games on their fall schedule, the Red Devils have captured two straight Madison-Bond-Clin-ton counties conference contests. The latest was a 6-4 decision over Breese in Lee Park Friday afternoon, leaving the Devils at 2-3 with one contest remaining. That one, with Livingston, is scheduled for tomorrow at 3:30 p.m. also in Lee Park.

Pete Finks, who has figured in all five VHS decisions this fall, pitched and batted. Bill Olen-dorf's club to its second straight win Friday.

Kyle fanned eight, walked five and gave up eight hits. He had a double and single in four times at bat and drove in one run. Venice scored four in the third frame and added single runs in the fourth and fifth innings.

He will be the starting pitcher tomorrow as the Red Devils attempt to complete their first season under Olen-dorf at 500.

UNION STARCH LEAGUE BOWLAND, FRIDAY.

FLANKED by Coach Carroll Sanders (right) and As-sistant Coach Conrad "Babe" Champion (left) are members of the 1961 season Prather junior high school's foot-ball team. First row (left to right), Gary Beasley, Bob Fin-ley, Art Heide, Don Lupardus, Don Mang, Larry Stock-ton, Phil Minner, Nick Petrillo and Jack Krug. Second row, Eddie Keilbach, James Stark, Gary McGauley, Ethan Al-

hardt, Tom Miesky, Perry Pittman, Jack Thomas, Jim Charl-ton, Jim Pomeroy, Tim Eaton, Barry Teeter, Nick Jick and Mr. David Cook. Fourth row, Keith Garner, Chris Hazlett, Jim Rucker, Warren Jones, Larry Johnson, Oran Gilbert, Ken Browley, Ken Odum, Greg Norris, Paul Castelli, and Joe Graboski. Fifth row, Bill Smith, Roy Talley, Frank Halvachs, Bruce Bowers, Marvin Fitzpatrick, Larry Haffek, Mike Lewis, Ken McElroy, Mike Hogan, Paul Pad-roza, John Voyles, James Slack, Bob Yates, Steve Farley.

Average Daily Attendance At Park's Pool Was 627

Attendance at the Granite City park swimming pool this summer showed an in-crease, but pool receipts and days of operation were down from the 1960 totals, a report submitted the park board Thurs-day night by Recreation Director Harve Brown.

Grass receipts from pool op-eration were \$1,317, as compared with \$15,370 last summer, a de-crease of \$20,053. However, the drop was more than offset by an increase in the total payroll for pool employees which amounted to \$2,119.

Although the pool was in op-eration only 84 days as compared to 90 days in 1960, attendance was up 614 to 52,634, or an average of 627 swimmers for each day of operation.

Receipts Drop
A drop in pool receipts, despite the increased attendance, was due to the sale of 60 more season permits (entitling the holder a reduced rate) than in 1960.

General admission receipts were \$887 for children and \$2,027 for adults. The sale and rental of swimming attire, sea-son permits and rental of the pool for private parties account-ed for other income.

Pool supplies for 1961 cost \$13,133, together with a \$1,672 payroll for pool employees, ex-penditures were \$12,807, leaving a net profit of \$529.

BOYS THROW FIRECRACKERS
Police were unable to locate boys who were reportedly throw-ing firecrackers in the window of a house in the 3200 block of Rodger avenue Thursday about 8:30 p.m.

Three Promoted At Chicago Judo Meeting

Three members of the Granite City Judo club were promoted in ranking over the weekend at a meeting of the Chicago Yudanshukai, seat of sport judo in the Midwest.

Bob Toupal advanced to shodan, first-degree black belt; and Roger Bloodworth and Wes Talley were both promoted to ni-kyo, second-degree brown belt.

The Yudanshukai also ap-proved late March as tentative date for the annual invitational tournament here, sponsored by the GJCJ.

Attending the meeting in Chi-cago with representatives of the local judo club was C. C. Frank-lin, faculty advisor for a new-ly-formed judo club at Southern Il-linois University, Carbondale.

The SU club, started with the assistance of the GJCJ, received its charter from the Yudanshukai, Toupal, who is enrolled at Southern Illinois, was a mem-ber of the new organization.

Gamer's 77 Wins General Steel Golf Tournament

See Omer beat a 77 to take low scratch score honors Satur-day in the second annual handi-cap golf tournament for office and supervisory personnel of General Steel Industries. The tournament was played at the Clow's golf course in Alton.

Abe Scarborough shot a 78 and Doug Sullivan an 81. The 1-2-3 finishers in A flight were Paul Harris, Milford Rod-ric and Paul Foster. Finishing on the same order in B flight were William Burdick, Tom Bar-ton and W. Ashley Gray, execu-tive vice president of the firm. Award prizes to the winners.

Braves Blank Boosters; Take 1-0 Playoff Lead

Darkhorse Pochanoski con-tinued to spring surprises in the Southwestern Illinois Inter-City Baseball league yesterday, this time in the final playoff series for the president's cup.

The Braves took a 1-0 lead in the best two-out-of-three set by defeating the Collinsville Boost-ers 1-0 on a home run by Lonnie Griffith blanked the Boosters on four hits and ran his string of consecutive wins to this year's playoffs to 23. The deciding run scored in the fourth on a sacrifice, error and two sin-gles.

EDITORIAL

Public Has Big Stake In Adequate Sewers

The public's stake in sound, adequate sewer systems becomes increasingly obvious as depressing news on Naneoski sanitary lines continues to mount. Naneoski and 20th street sewer repair costs have topped \$300,000 already this year, including an expected \$174,000 deficit, plunging the city government into the red for the first time in many years, and another hole has developed above the Terrace Lane sewer.

Now that official blame for the sewer breaks has been placed on storm water entering lines not designed or intended to handle it, there must be strict enforcement of the law against opening sanitary sewers for drainage purposes. The city no longer has any funds that can be used to cope with such problems as the new one on Terrace Lane; no additional breaks can be allowed to occur, if Granite City is to remain even close to solvency.

Despite the unfortunate experience, additional drainage remains the city's most pressing problem, in terms of its future. Already, acceptance of new subdivisions has been halted by the lack of a drainage and pollution abatement program. With greater awareness of the potential cost and inconvenience of repairs, care to avoid this can be taken at each step of the way during planning and construction of new drainage facilities.

Small Newspapers Have Proportionately Much Larger Staffs Than Big City Papers

Our attention was called the other day to an interesting news coverage formula based on the ratio of full-time reporters to population of the newspaper's trade area.

The Press-Record, under this formula, has one reporter for each 10,000 population. This compares with metropolitan newspaper staffs that run as low as one reporter per 50,000 population. From this comparison the author, Robert White II, editor of the Mexico, Mo., Ledger and former editor of the New York Herald Tribune, drew the conclusion that most small newspapers "have more influence" and are "closer to their readers."

He also found that small newspapers devote vastly more space per 1,000 people than their big city brothers. To make the Press-Record, for instance, under his formula, a St. Louis newspaper would have to publish nearly 300 pages every day.

Education includes learning what one doesn't know, and getting the desire for knowledge.

Hospital Ship Left Hope, Knowledge With Asian People

Return of the S. S. Hope to American shores marks the climax of a successful program to teach Asian doctors and nurses up-to-date medical procedures and upgrade their ability to diagnose and treat their area's widespread diseases. Few causes could be more worthy than alleviation of unnecessary suffering, ill health and death, and individual financial contributions proved more than ample to meet the cost of a year-long journey by the former Navy hospital ship.

Thousands of people were aided, but teaching was stressed because it can have a more enduring effect on health conditions in the Far East. As Dr. William B. Walsh, head of the private foundation which sponsored the project, comments, "There are too many millions in need of treatment for this to have broad impact in actually curing diseases."

An extra dividend is the favorable impression among those witnessing arrival of the United States vessel and its stirring symbol, "Hope." Despite frustrations, famine, illness, ignorance, inhumanity and ineffective communications, the world must retain hope and continue to seek a high value on human life.

Bike Tires Cut

Arthur Spiroff, Niedringhaus school custodian, reported to police Thursday about 3:45 p.m. that a group of boys were cutting bicycle tires on the school lot. Police were unable to locate the boys but reported that two bikes were damaged.

HOME OWNERS INSURANCE, CALL REINHARDT.

Strikes Parked Auto

Minor damage resulted at 7:45 p.m. Friday when a pickup truck driven by Connor H. Awallt Jr., 51, of 5141 Lakeview drive, struck the parked car of Dora D. Rash, 1621 Fifth street, Madison, in the 1500 block of Second street. Awallt said another car forced him over.

Many Calls To Federal Agencies Being Secretly Monitored

"Big Brother," as most people know, is the outwardly benevolent but all-knowing dictator who employs thought control to influence and oppress mankind. He exists only in fiction, but some persons fear that he is coming. Now there is a humorous saying in Washington that "Big Brother" may not be watching you yet, but his secretary probably is listening in on your telephone calls to government agencies."

A House Government Information subcommittee has determined that 33 of the 37 federal agencies permit some kind of telephone monitoring. 21 of them have no regulations on it and 17 do not always require that the other party be warned that what he is saying is being taken down. A check of telephones going through just one switchboard of the General Services Administration revealed 240 listening-in circuits and 363 transmitter cutoff switches—but none that shut off the transmitter part of a telephone so that someone can hear but not be heard.

Headed by Rep. Moss (D., Calif.), the subcommittee cites thousands of dollars spent yearly on the listening devices, questions whether they are merely an "aid to efficiency" or a violation of the principles of fair play, and reports a "dangerous drift toward a huge bureaucracy peering over the shoulder of the citizen."

We do not know whether all the group's fears are well-founded, but there is no doubt that the government is huge and that it is keeping better track of the individual, what with use of electronic machines to digest and report on tax returns and other information. Best advice might be to avoid worry by watching your choice of words the next time you call Washington.

Horse Shows Financing Many Services For The Community

Success of the Granite City Rotary Horse Show again this year indicates that the club has found a successful substitute for its Home Shows of previous years. This bodes well for the entire community, because all proceeds are devoted to charitable and service projects benefiting local people.

Though the Quid-Cities are far from the "wild west," the annual horse shows have proven to be a big hit with residents here and a large surrounding area. Chairman Moody, long active in horse show events, has brought his club a worthwhile undertaking.

Granite City PRESS-RECORD Page 8 Mon., Oct. 2, 1961

Miss Charlotte Lauff, Retired Teacher, Dies

Miss Charlotte Lauff, a 61-year-old Granite City resident and longtime teacher at St. Louis schools, died Thursday at the Rockwood Rest Home, Troy, at the age of 50. She had been a patient there two months, and previously lived at 2308 Cleveland.

Funeral services were conducted at a Granite City funeral home at 10 a.m. Saturday, with burial in Bellefontaine Cemetery, St. Louis.

Born in St. Louis, Miss Lauff moved to Granite City in 1920. She began teaching in the St. Louis public school system at the Humboldt school in 1922. In 1929, she went to Clay school, where she taught until her retirement in 1944.

She was a member of the First Presbyterian Church in Granite City. Surviving are a sister, Mrs. Augusta Hoevel, and a nephew, Robert A. Hoevel, both of Granite City.

An obituary is given elsewhere in this issue.

30-Day Jail Term For Man On Larceny Charge

Charged with petty larceny, Lloyd Hemingway, 29, of 213 West Second street, West Madison, was sentenced to 30 days in the county jail at a hearing conducted by Police Magistrate John Bridick Thursday at the Madison city hall.

Hemingway was arrested for thefts from the auto of Joe Jamison, 21, Engineer Depot, in an alley near the Hemingway home Sept. 28. A battery, five hubcaps, a tire jack and voltage regulator equipment were recovered by police.

THE PASTOR SPEAKS

Rev. LeRoy Pittman, Pastor Naneoski Methodist Church

In this age of "speed" one believes involved in so many things that it is easy to lose our bearings. The prophet Isaiah's words are not limited to the people of his day but they suggest a formula for us as well.

Isaiah chapter thirty, verse fifteen reads, "In returning and rest shall ye be saved." We should begin by returning to God who gives us life. In our returning to God, we become a new creation. This new creation is very vividly given by Jesus when he saved the story of the Prodigal Son, Luke 15:11-24. When the Prodigal Son returned to his father he entered into a new life—leaving the swine pen to return to his father's house.

In the second half of verse fifteen one finds two facts for spiritual renewal. "In quietness and confidence shall be your strength."

Quietness is by no means easy to secure in our noisy, modern world. The experience of meditation which was so characteristic of an earlier day is becoming more and more an impossibility. How to secure a spirit of quietness is a problem. However, when we face the problem it will give us new power—Power that will enable us to find spiritual quietness in the midst of the clamor in which we live.

If quietness is a source of strength and if our lives lack it we will suffer the consequences. This is why the Hebrew poet wrote "Be still and know that I am God." Psalms 46:10. He was giving expression to a thought which this generation needs constantly to remember.

There is a close tie between confidence and quietness. One is not likely to exist without the

other. The kind of confidence which gives strength is confidence in God. We can know the assurance that confidence in God brings, when we continually draw upon the infinite power of God. One has said:

We kneel how weak, we rise how full of power, Why therefore should we do ourselves the wrong Or others—that we are not always strong. That we are ever overborne with care, That we should ever weak or heartless be, Anxious or troubled, when with us is prayer, And joy and strength, and courage are with Thee?

Election of C. of C. Officers Tomorrow

Election of officers is first on the agenda at 8 p.m. tomorrow at the monthly dinner meeting of the Tri-Cities Chamber of Commerce board of directors, to be held at the Ross Bowl restaurant.

Officers to be filled are president, two vice presidents and a treasurer, all for one-year terms. The board will also hear standing reports from the following committees: agriculture, program, state legislative, light industry and membership. A special report on the Tri-City Regional Port Authority will be made by Carl A. Ranft.

Attending the meeting will be 13 new directors who were elected to office Sept. 14. The new directors are: Robert E. Backs, Dr. James C. Byers, Maurice Dalley, Don Z. Farrington, Albert H. Froemling, G. W. Hoelscher, Gene E. Lichtler, Ranft, John W. Reese, E. F. J. Reiske, E. G. Schmitt, A. F. Steinhäuser and M. Freeman Wolfe.

Committee For Light Industry Organized

The organization of a light industry committee as a part of the Tri-Cities Chamber of Commerce was decided upon Thursday night at a meeting of 10 men representing nine business firms.

Milton Morris, temporary chairman of the committee, said the group decided to meet monthly at which time a guest speaker would address the committee and they in turn would exchange ideas and share common problems and solutions.

Donald W. Partney was named to act as program chairman at their next meeting, Nov. 1. Attending the organizational dinner meeting were: Dale Arnette, Henry Kohler, Joseph Clark, Richard Wilson, George Mathews, Ernest McDonald, Edward Evans, R. D. Phillips, Partney, Morris and Harlan Dobry, executive secretary of the chamber.

Rear Window Smashed

Vandals were blamed when the rear window of a 1958 auto owned by James Novosel, 2002 Meridian street, was broken Friday evening while the car was parked in the 1400 block of Third street, Madison.

Madison Lions Discuss International Convention

The Lions international convention, to be held later this fall, was the major topic of discussion at the regular weekly meeting of the Madison Lions Club Thursday evening at the Sportsman Club.

Thirty-seven members attended the meeting, with one guest, Frank Meyer, present. President Al Love presided over the business session, with a social period following. Club members also discussed a local project, but no conclusive plans were formed.

25 YEARS AGO

The following items were taken from the files of the Granite City Press-Record

October 2, 1936

Hundreds of people and scores of automobiles took part in the parade this afternoon which gave Gov. Henry Horner a tremendous ovation shortly before his arrival for a speech at the Washington theatre. Starting at 2 p. m. in Venice, the motor caravan, with shrieking sirens and horns, toured the Tri-Cities.

The first game in the Madison-St. Clair Athletic conference will be played here Friday night when the Happy Warrior griders entertain the East St. Louis eleven at 8 p. m. A large crowd is expected.

Walter Hegel was installed as commander of American Legion Post No. 113, succeeding L. O. Reading, and Mrs. Ida Reading was installed as auxiliary president at a joint ceremony held Tuesday night in the Legion hall on Madison avenue. Mrs. Ada Dishing is the retiring auxiliary president.

Enforcement of the downtown one-hour parking law was suspended temporarily for a few hours this afternoon in honor of the visit to this city of Gov. Henry Horner.

Employment increased 1.2 percent and payrolls 1.4 percent in Granite City during the month of August compared to July, according to a survey made by the Illinois Department of Labor. The average weekly wage for men was \$25.20 and the average for women was \$11.28. Sixteen major industries were included in the survey.

Misses Marie Schoenhardt and Dorothy Halbe jointly celebrated their birthdays recently at a delightful party given in the home of Miss Louella Perkins on Edison avenue.

Games were played and the prize for high scores was given Miss Nadine Sparks. Others taking were Misses Grace Morgan, Iris Liggett, Irene Brooks, Dorothy Halbe, Mary Azari, Helen Lipchik, Fern Floyd, Marie Schoenhardt, Anne Galas, Emma Gettesell, Hazel Brown, Vera Elimoff, Amelia Bauer, Sophia Papadonoff and Louella Perkins.

A capacity audience gathered last evening at the gymnasium of the Venice high school to witness the joint installation of incoming officers of Venice-Madison Post No. 307 of the American Legion.

The Florence M. Tuttle Bible class held its September meeting Tuesday evening at the home of Rev. and Mrs. A. Hemlock, 2626 Iowa street. Mrs. E. G. Bushy, the president, was in charge of devotions, and after a short business session musical numbers were enjoyed and a delicious lunch was served. At the meeting were Mrs. Arthur Calais, Mrs. G. Baumberger, Mrs. E. G. Bushy, Mrs. William Kraminski, Mrs. David Morgan, Mrs. Jess Moss, Miss Rose Aulabaugh, Mrs. Walter Saegebar, Mrs. Fred Kretzmer, Mrs. Nora Perkins and their guests; Mrs. Henry Schewe, Mrs. Walter Kline, Walter Saegebar, Rev. and Mrs. Roy Kean and daughter, Joyce Ann, and Rev. A. Hemlock.

A group of 37 from the West Granite Baptist Church entertained at the County Home in Edwardsville last Sunday with a religious program, arranged by Mrs. Chris Meyer and Miss Esther Harper.

Assisting in the celebration of his birthday anniversary Sunday afternoon were these friends of Derwood Snyder of Dewey avenue: Opal Jones, Betty Greer, Bobby and Edward Jones, Betty Marie Logan, Billy Hetter, Jerry Snyder, Lena Snyder, Conrad Ley and Marilyn Dee Champion.

Mr. and Mrs. H. W. Knecht were hosts last evening at a surprise birthday party in their home, honoring their daughter, Grogan. The following young guests were present: Paul Reicht, Laverne Bruns, Charles Eckert, Imogene and Marvin Schwartz, Richard Barron, Rich- ard Robinson, Patsy Kubant, Shirley Trattler, Danny Linder, Marvin Weidner, Billie Jean Musick, Carroll Lee Baer and Shirley Mae Luckert.

300 Expected At Annual Boy Scout District Camporee

An estimated 300 Boy Scouts of the Uniwah or Quad-City district will participate in the annual district "fall camporee" Friday, Oct. 6, through Sunday, Oct. 8, at the Beaver Dam State Park near Caplinville. Parents and other visitors will take part in a campfire program led by Troop Eight and 122, from 8 p. m. to 9 p. m. Saturday.

Camping in tents will be conducted on a patrol basis, with each group assigned a 40x40-foot area upon arrival Friday evening.

A fishing derby will be held Saturday morning, and still demonstrations that afternoon will deal with horsebores, by Troops Eight and 18; "tag of war," Troop 18; archery, Troop Four; fire by friction, Troop 12; and a nature scavenger hunt, Troop 41.

Church services will be held from 7 to 8 a. m. Sunday, with breakfast following and the camporee coming to a close at 9 a. m. Units will cook their meals outdoors during the week-end.

Scoring of campfire competition will be supervised by District Commissioner Bernard Miller Jr. Joseph Lane, district camping chairman, will direct camping area elements, and Leo Kalpis, district activities chairman, will be responsible for the camporee program. District Scout Executive Dan Brown is in charge.

The regular monthly meeting and program of the Women's Christian Temperance Union will be held Friday afternoon, two o'clock in the home of Mrs. Luther Crain, 117 Benton street.

Mr. and Mrs. Earl Kahle of Delmar avenue entertained their club recently and there were four couples present. They were Mr. and Mrs. Frank Hackett, Mr. and Mrs. Otto Gottschall, Mr. and Mrs. Fred Kretzmer and the host and hostess.

Mrs. Elmer Jackson, Mrs. Norman Osborn, Miss Elizabeth Marshall, Mrs. Fred Fossick, Miss Helen Miller and Miss Fay Beeler were the guests of Miss Margaret Anson at a club party Wednesday evening.

The program committee of the Mitchell Parent-Teachers Association met in the home of Mrs. B. J. Williams on Tuesday afternoon to make arrangements for the year's programs.

Mr. and Mrs. Ben Schermer departed Tuesday morning on a vacation visit to Louisville, Ky. They expect to return next week.

Fourteen ministers in Madison county, who recently organized the Madison County Ministerial Association, will hold their second meeting on Friday, Oct. 9, at 4:30 p. m. at the First Presbyterian Church in this city.

Dr. H. Epstein, local optometrist, will be in charge of the organization-educational meeting which will be held in Centralia next Friday, under the auspices of the Illinois State Society.

Cairns Promoted To Blast Furnace Engineer Post

Donald P. Cairns, a project engineer at Granite City Steel Co., has been promoted to plant engineer of the company's blast furnace department, succeeding Harold L. Lewis, who has retired.

Cairns lives at 140 North Gore avenue, Webster Groves, and is registered as a professional engineer in both Missouri and Illinois. He is engineering adviser to the Granite City Citizens Sewer and Drainage committee; chairman of the recommendations subcommittee of the Granite City Pollution Abatement Committee; and a former chairman of the City Plan Commission of Webster Groves. He is a member of the Greater St. Louis Industrial Waste Control Council, the Jefferson Township Republican Organization, and is the first treasurer of the Northwest Webster Groves Improvement Association.

Motorist Flees Scene

An unidentified motorist fled the scene at 1:30 a. m. Saturday after hitting the car of Orvin G. Shipley, 47, of 1317 Washington avenue, Madison, parked in front of his home. Shipley told Madison police he investigated crash noise and found \$100.00 on the left rear fender and door with streaks of gray paint.

Parochial Schools To Be Closed Next Monday

Tri-City parochial schools will be closed next Monday, Oct. 9, so teachers may attend a diocesan meeting in Springfield.

Classes will resume at their regular time Tuesday morning, Oct. 10.

To serve as the council executive body's advisor to camporee committees.

Panus Enrolls In AFROTC At St. Louis University

Steve R. Panus, son of Mr. and Mrs. Joseph P. Panus of 23414 Grand avenue, has enrolled in the Basic Air Force Reserve Officers Training Corps program at Parks College of Aeronautical Technology of St. Louis University.

Cadet Panus, who is now beginning his freshman year, is majoring in aeronautical administration.

His AFROTC courses will include Air Science and Tactics, Drills and Ceremonies, and Military Customs and Courtesies.

Upon graduation from Parks College and successful completion of the Advanced AFROTC program, he will be eligible for commission as a second lieutenant in the United States Air Force.

He is a 1961 graduate of Granite City high school.

11 Drivers Fall Prey To GC Police Timer

Awaiting a shipment of radar equipment, Granite City police still using an electric timer, ticked 11 motorists for speeding Thursday on Edwardsville road at 1st street. All posted bonds.

Charged were: James G. Forsyth, 3, Webster Groves, Mo.; Willie R. 34, 25, of 2820 Dale avenue; Charles L. Hamlin, 17, East St. Louis; Don M. Wilson, 23, of 2221 Alexander street; Ralph M. Morris, 17, of 118 Briarcliff.

Frank E. Ryan, 41, of 2258 Washington avenue; Clifford E. Warden, 38, of 1600 Cleveland blvd.; A. B. Jackson, 24, of 208 Garner road; Geraldine Gibson, 22, of 2217 Madison avenue; Ernest C. Burke, 32, of 1620 Mitchell avenue; and James Calvin Williams, 22, West Pikea Peak, Colo.

SIGNATURE

that's THE LAW

A PUBLIC SERVICE OF
ILLINOIS STATE BAR ASSOCIATION
IN COOPERATION WITH THIS NEWSPAPER

THINGS TO BEWARE

WHEN BUYING "ON TIME"

Most of us, when we purchase an item of considerable cost, such as a home appliance, furniture or a car, do not pay the full price at once, but instead arrange to pay the balance in installments.

When we do this we must take care that we understand the possible legal consequences of our failure to make each payment as it falls due.

Once the signatures are written on the contract, legal rights and duties become fixed, and usually each party is bound by what he has signed, even though he does not read or understand the contract.

Henry Hairbain's Case

In Illinois, many items of personal property are sold under "conditional sale contracts" with promissory notes attached. As a result, Henry Hairbain purchased an automobile for \$2,000, pays \$500 cash as a down-payment, and signs a contract of conditional sale for \$1,500 balance. He also signs notes promising to pay the balance in monthly installments of \$100 plus finance charges.

Although Henry takes immediate possession of the car, the seller retains ownership until all payments are made. Should Henry fail to make a payment, the seller has the right to take the car back from Henry, and Henry forfeits the payments he has made.

So if Henry has made payments totaling \$300 in addition to his \$500 cash down-payment, and he defaults by failing to pay the next \$100 installment, the seller may immediately repossess the car.

If the seller then resells the car for \$1,000, so that he has the \$1,000 resale price and \$800 from Henry, he may charge Henry for the \$200 difference (\$200 price less \$180 received) plus expenses incurred in re-taking and re-selling the car.

Even if Henry stopped paying because he discovered defects in the car and realized that the seller had grossly misrepresented its condition to him, this

would not necessarily protect Henry as against a finance company or bank that had purchased Henry's note from the seller as usually happens.

Investigate Charges

When you purchase an item by installment payments, do you always investigate the amount of finance or carrying charges you are paying? The careful buyer will always inquire and personally compute the difference between the cash price and the total amount of installment payments.

You may be surprised at the amount of the carrying charge and you may well find it less expensive to borrow the money from a bank or credit union, and pay cash to the seller.

When Henry purchased the car, the seller is to be certain that the car is protected in the event he has to repossess the car from Henry, required him to take out fire, theft and \$50 deductible collision insurance policy on the car. Henry did not stop to think that this insurance gives him no protection against damage that he causes with the car to other persons or their property.

Therefore he is in danger of liability for damages, and he has no liability and property damage insurance.

Under Illinois law, he could lose his driver's license if he is involved in accident and can not post adequate security if required to do so.

Contact Seller

When Henry discovered that he could not keep up the payments, he should have contacted the seller immediately and explained his problem. Unemployment, accidents, or sickness would not ordinarily relieve Henry from his obligation to make the payments, but normal life most sellers will try to make some arrangement if the buyer keeps the seller informed.

This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law. (The names used in this series are fictitious.) (The Illinois State Bar Association, 424 South Second Street, Springfield, Illinois, has published a pamphlet entitled "Buying On Time" which will be sent free to any person who requests it.)

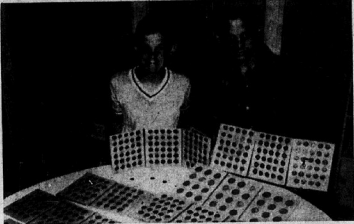

Winner Of Blackburn College Scholarship

Miss Marie Mitchell, a daughter of Mr. and Mrs. Thomas Mitchell, 1212 Johnson road, has been named the recipient of a Blackburn College scholarship for the academic year 1961-62 according to an announcement by Charles O. Gordon, dean of students at Blackburn.

A 1959 graduate of the Granite City high school, Miss Mitchell, a sophomore at Blackburn, is in the Student Christian Association. Requirements of the scholarship grant include above average work in academic subjects and on the college's work program. Blackburn college, an independent liberal-arts institution in Carlinville, Ill., is famed for its work-study program that requires all students to work 15 hours per week at on-campus jobs in partial payment for their education.

Rider Drops Cigaret

Constance D. Craft, 17, of 3304 Kirkpatrick Homes, was charged at 7:20 p.m. Thursday with failing to have her motor vehicle under control. She posted her driver's license as bond. Driving south on Nankook road, she told police that a passenger in her car dropped a lighted cigarette in the car. She said in moving around in the front seat, she drove her car into the opposite lane and side-swiped a northbound auto near Faith avenue driven by William H. Fraley, 30, of 3902 Kirkpatrick Homes. No injuries were reported.

By Press-Record Staff Photographer
Steven (left) and Jerry Ritchie, brothers, who hope their collection will be their life insurance when they get old.

Newsboys Watch Every Penny For Their Coin Collection

They both exclaimed at the same time, "Four hundred sixty-five coins." And every one of them valuable.

The Ritchie brothers, Jerry, 14, and Steven, 11, of 2324 Cleveland blvd., explained, "We never spend a penny before checking if it is valuable for our collection." The young numismatists, whose father, Lawrence Ritchie, works for the telephone company, also is a collector, as is Mrs. Ritchie. They collect Italian glasses.

"We are all collectors," Mrs. Ritchie said, "except our oldest son, Donald. He is 19 and fond of car racing. Last year he won a trophy."

Jerry, a freshman at the Prairie Junior high school, and Steven, a student at Central school, are Press-Record, newsboys.

"All the money we make selling papers goes to coins," Jerry said, Steven, flashing a smile, commented, "Do you know those two cents with the nickel people pay for the paper? Sometimes we find good old pennies among them for our collection."

"Three years ago our grandmother went to Yugoslavia and

came back with a handful of foreign coins and that's how we started our collection. Then we switched to American coins, because they're easier to find."

When asked how much the collection is worth, the boys thought a while and said, "We aren't thinking of selling. We're still working on 14 books and do not want to sell them."

The brothers spend most of their times at home collecting, classifying and sorting the coins. "But we find time to swim and play with our friends too," Jerry added. They exchange the coins with other youngsters at school and Steven said, "There are many collectors among our friends, and we often talk about coins and exchange them."

Mrs. Ritchie said, "the boys go every morning to the local coin shop and stay there hour after hour. Nothing but coins interest them."

The operator of the coin shop, Bill Turpenoff, remarked, "These two boys are among the best customers of mine. They come to the shop six days a week. You never can tell, they may become great numismatists of the future."

Noonday Optimists Get Achievement Awards

Achievement award banners for membership attendance, life membership, and boys' work for 1960-61 were presented to Noonday Optimist Club Past President Frank Rea Thursday by District Gov. Henry Whitlick.

The club, meeting for its regular session at the Elks club also received a special banner to indicate that it is the home club of International Vice-President Gene H. Sternberg. The award was presented to Sternberg by Henry Karandoff.

Two-year attendance awards were given to Herman Mulder, J. C. "Tip" O'Neill, Lawrence McCauley, Ray Henley and Milton Allen.

Three-year awards went to Ray Uram, Dan Brown, Marvin Dean and Al Michel, and a five-year award was presented to Fred Werner. Ernest E. Viehl and Floyd Mitchell each got a seven-year award, Tony Michel was given a nine-year award, and Frank Rea received a ten-year award.

Sternberg was presented with the 15-year attendance award, while the night's highest attendance price, for 32 years, was awarded Arthur Roseman. Guests at the meeting were Joe Michels, Edw. Selbert, Lloyd Harlow, Robert Spengler, Wilson Andrews and Dr. Stanley Maer. Speaker was Earl Lee, who discussed the Seventh Tenet of the Optimist Creed.

Traffic Accident

Donald C. Whitehead, 30, of 2125 Ohio avenue, told police that his auto was forced into the side of a parked car in the 1700 block of Cleveland blvd. while driving north Thursday about 10:25 p.m. The parked auto belonged to Carl F. Henkel, 1728 Cleveland blvd.

About This Question
"A man financed his new car and was persuaded to include the auto insurance in the deal. When he had an auto accident, he found he had only collision coverage to protect the finance company's equity - no liability insurance. Among other things, he lost his driver's license. Should an auto owner insist on keeping his auto insurance with his local agent?"

REPORT TO AUXILIARY ON GIRLS' STATE

Venice-Madison American Legion Auxiliary Unit 307 held a social meeting Thursday evening at the Legion home. A guest for the evening was Miss Sandra Cassiglio of Madison, the unit's representative to Illinois Girls' State, who reported to the unit on her trip.

Hostesses for the evening were Mrs. Joyce Austria, Mrs. Viola Whiteside and Mrs. Thelma Gentemann. Games were played and prizes were awarded. A dessert luncheon was served to Mesdames Jessie Henderson, Rose Hindman, Hazel Hinson, Jackie Leatherman, Frances Cawley, Mildred Scannell, Viola Harrison, Elizabeth Bergrath, Josephine Simmons, Virginia Kresman, Clara Simmons, Dorothy Bergrath, Zelma Hart, Ann Zaleski, Thelma Bone, Myrtle Rose, Virginia Bone, Irene Tapp, Lillian Miller, Agnes Waller, Mary Ann Ballentine, Bertha Ballentine, Pat Waller, Emily Adams, Fern McMonigle, Ethel Bone, Maxine Simmons, Estelle Bone, Beulah Sizemore and Geneva Linder and Misses Norma and Dorothy Hinson.

CLUB AUXILIARY TO HOLD DINNER

The Venice Social Club Ladies Auxiliary held its September meeting on Wednesday evening at the club. Mrs. Mary Dixon, president, conducted the business meeting, and plans were completed for the club's dinner to be held Oct. 25 at the Rose Bowl. Reservations are to be made with Mrs. Samuel (Lillian R.) Mang before Oct. 18.

A new member, Mrs. Georgina Marshall, was welcomed into the club. Following the business meeting, games were played and prizes were awarded to Mrs. Mary Dixon, Mrs. Ann Harlan, Mrs. Marshall, Mrs. Peggy Cochran and Mrs. Mayne Dempster. Hostesses for the evening were Mrs. Elmore Scaturro and Mrs. Cochran, and refreshments were served to the above and Mrs. Delores Parente, Mrs. Sue Ziegel and Mrs. Wilma Serini.

Hostesses for the November meeting will be Mrs. Parente, Mrs. Marie Mangi and Mrs. Margaret Stover.

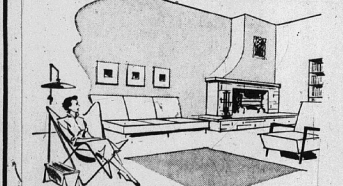

MISS HINSON NAMED TO DISTRICT OFFICE

The following members of Venice-Madison Auxiliary Unit 307 attended a 22nd District meeting at Fairmont City Post 361 on Saturday: Mrs. Mildred Scannell, Misses Dorothy and Norma Hinson, Mrs. Hazel Hinson, Mrs. Mary Ann Ballentine, Mrs. Viola Whiteside, Mrs. Estelle Bone, Mrs. Madeline Worley, Mrs. Frances Cowley and Mrs. Beulah Sizemore.

Miss Dorothy Hinson was installed as historian for the district. A dinner was served to the group.

Art Class Planned For Senior Citizens Group

The first phase of a "Senior Citizen" program from Quadt-City residents 50 years of age and over will begin Thursday afternoon at the YMCA, program director Mrs. Frieda O'Guin said this morning.

The initial class in charcoal drawing and oil painting is to get underway at 1 p.m. With materials furnished to participants, who will be instructed by Mrs. Carl Fuller.

Mrs. O'Guin said that women are being invited to bring, if possible, to the program where it will be displayed and various techniques discussed and explained.

Rev. Paul Evans, pastor of the First Assembly of God Church, will be on hand to address senior citizens attending, Mrs. O'Guin added.

Distance Dialing Is Explained To Stallings PTA

The September meeting of the Stallings school PTA began with a pot luck dinner Thursday in the school gym. About 100 attended.

President Doris Wilson was in charge, and the guest speaker, Walter Salomo of the district traffic division, Southwestern Bell Telephone Co., in East St. Louis, spoke on "Telephoning and Direct Distance Dialing." Five miniature telephones were presented as gifts.

The children were taken to the kindergarten room and supervised in play by Rose Mary Sabarek and Emma Helles.

Mrs. Wilson introduced the new officers for the year: Jacob Gottelman, treasurer; Mrs. Ethel Gottelman, recording secretary; Mrs. Thelma Dean, corresponding secretary; first vice-president, Mrs. Emma Reilecke; and second vice-president, Edward Van Scoy.

Principal Edward Itzsek introduced members of the faculty. Mrs. Eunice Wilkerson, ways and means chairman, reported there will be a ham and bean supper Oct. 26. Mrs. Dorothy Nenninger, past president, received her pin from Mrs. Wilson.

Mrs. Johnson's third and fourth grade room won the award for parent attendance.

It was agreed to buy a primary typewriter for the school. The next meeting will be held on Thursday Oct. 15.

ATTEND WOMEN'S CLUB'S DISTRICT BOARD MEET

The 22nd District, Illinois Federation of Women's Clubs, held a board meeting Thursday in East St. Louis, with local members attending. Mrs. Eldon Orr, district president, conducted the meeting and Mrs. James Segraves, vice-president of the Illinois Federation of Women's Clubs, gave the main address.

Reports were made by the district leader on the program of work for the coming year concerning art, conservation and music scholarships; the American home department, civil defense, Indian affairs; international relations, mental health, Lincoln Lodge, Boy's Town of Illinois, Park Ridge School for Girls, veterans' service and the youth program.

Those attending from Granite City were Mrs. Christ Louis, president of the Ladies Cotter; Mrs. E. D. Kincaid, president of the Leach Literary club; Mrs. Leo Schermer, president of the Nameoki Woman's club; and Mrs. Wilford Cooley, district chairman of the mental health department. Attending from Madison was Mrs. L. C. Harlan, representing the Madison Literary club.

RUTH BIBLE CLASS HOLDS MEETING

The Ruth Class of First Baptist Church met Thursday evening in the home of Mrs. Velma Christian, 2018 Iowa street.

Mrs. Louise Baker offered the opening prayer and after the class sang, "To The Work," there were Scripture passages read by the members.

Mrs. Mary Lou Summers, president, conducted the business session, and the meeting closed with prayer by the teacher, Mrs. George Sagen.

Games provided entertainment and awards were won by Mrs. Betty Graham, Mrs. Delores Carson and Mrs. Sagen. Refreshments were served by the hostess.

ENTERTAIN SON

Mr. and Mrs. Gerald Broadway and family of South Holland, Ind., were guests Sunday of their parents, Mr. and Mrs. G. M. Broadway, 2428 State street.

YOU CAN RENT THE SMORGASBOARD RESTAURANT FOR PRIVATE PARTIES, WEDDINGS OR BANQUETS—CALL TR 6-9618.

Surprise Party For Miss Kravec

A surprise birthday party honoring Miss Julie Kravec was given Saturday evening by her parents, Mr. and Mrs. Frank Kravec, 2304 East 21st street.

Those present were Misses Rosemarie Vobay, Kathy Lesko, Jackie Hill, Pam Niehaus, Beverly Dombrowsky, Sandy Noth, Sheila Dial, John Vobay, Paul Strain, Terry Atchley, Ricky Noth, Albert Kravec and Misses Barbara and Janice Timko and Anthony Ratkiewicz of this area.

Mr. and Mrs. Ray Amik and sons, Raymond, James, Thomas and David, of Collinsville and Mr. and Mrs. John Kravec of St. Louis.

Games were enjoyed by the guests with prizes for all and there was dancing, followed by refreshments. The table held a large decorated birthday cake.

Party Honors Linda Trachsel

Mr. and Mrs. Arthur Trachsel, 1608 Garfield avenue, entertained guests at a dinner party Sunday evening in honor of the 18th birthday of their daughter, Linda.

Those seated were Mrs. Jessie Smotherman and son, Jerry, of St. Louis, Mrs. Mary Santorini and son, John, of St. Louis, Mr. and Mrs. Paul Strain, Mr. and Mrs. Bert Grimm and son, David, Roy Platt, the honoree and the host and hostess.

Anniversary Party Honors Mr. And Mrs. Lombardi

Mr. and Mrs. Robert Turck, 2490 Pine street, entertained with a buffet dinner at their home last night in honor of the 25th wedding anniversary of Mr. and Mrs. Aracine Lombardi, 1517 Garfield avenue.

Decorations were in keeping with the event and the table held a large anniversary cake. Gifts were presented to Mr. and Mrs. Lombardi, including flowers from their grandchildren, George and Eddie Barker and Mark Price.

Those present were their sons, Mr. and Mrs. George Bailey and Mr. and Mrs. Floyd Price and their families, Mr. and Mrs. Grover Norwood, Mr. and Mrs. Joseph Turck, Jacob Turck, Mrs. Mary Kristian, Miss Brenda Norwood, Jerry Dusek and the host and hostess and their children, Stephanie, Bobby, Stephen, and Cathie.

Mr. and Mrs. Lombardi were married September 26, 1936, at Sacred Heart Catholic Church by Mons. Michael Costello.

Mrs. Miller Remains On Critical List

Mrs. Floyd (Coel) Miller, 56, of 2431 Missouri avenue, who was injured critically on Sept. 9 in a three-car accident on U. S. Highway 67a north of Granite City, remains on the critical list at Barnes Hospital, St. Louis.

It was learned today from the family.

Mrs. Miller suffered head injuries and severe fractures to her legs. "She is showing slight improvement," her husband said.

Pabst Takes Part In Army Maneuvers

Army Specialist Four Irl H. Pabst Jr., whose parents live on Rural Route One, recently participated with other personnel from the 555th Engineer Group Headquarters Company in Checkmate, a NATO tactical training exercise conducted in Germany.

NATO troops from Great Britain, France, Germany and Belgium were involved in the exercise, which was designed to test joint combat operation procedures.

Specialist Pabst, a personnel clerk in the company in Karlsruhe, entered the army in December 1958 and arrived overseas in December 1959.

The 29-year-old soldier is a 1958 graduate of Collinsville high school.

bumper and license plates were taken from his car between 1 a.m. and noon yesterday.

Both license plates were stolen off the auto while it was parked at his home, Henry Hawkins, Rural Route One, notified the sheriff's office Saturday.

Falls Results In Hospital Care For Two Little Boys

Craig Cross, five, of 164 Voight place, Mitchell, was admitted to St. Elizabeth Hospital yesterday at 3:30 p.m. after falling at his home. He was given emergency treatment, with a cast applied to his right arm, and held for observation.

Also treated at the hospital yesterday was two-year-old Johnny Reinsel, 3144 Aubrey avenue, who required eight stitches to close a cut to his forehead received when he fell at home.

Fined, Given Probation In Auto Battery Theft

Charged with petty larceny in a theft from an auto Sept. 26, Levell Williams, 32, of 511 Meredocia street, Venice, was fined \$50 and placed on 30-day probation Saturday by the Madison police magistrate.

He admitted helping a companion carry an auto battery to a Venice home where they were paid \$8 for it. Police recovered it at an East St. Louis salvage yard.

AMVETS AUXILIARY officers installed Sunday afternoon in a joint ceremony with Post 51. Seated, left to right, are Betty Dunscomb, Fifth District president, installing officer; Betty Wilkins, treasurer; Bertha Medon, junior vice-president; Nadine Harrison, public relations officer and secretary; Standing, Marie Walker, chaplain and membership chairman; Dixie McCall, president; and Dorothy McIlvey, senior vice-president. The annual installation was held at the Post home, 5100 Lakeview drive, with approximately 50 attending. Dinner followed the ceremony.

Farm Column By IRUMAN W. MAY Madison County Farm Adviser

With the approach of the wheat planting season, some farmers have been asking about the recommended rates of seedling. Average amount of seed used is about 6 pecks per acre, an increase from the pecks commonly seeded a few years ago.

The new, higher-yielding varieties, along with increased use of fertilizer, support more plants.

Dr. J. W. Pendleton, Agronomy Department, University of Illinois, reports the result of a 3-year test on rate of sowing wheat. He began with 3 pecks and stepped up the seeding rate by 3 pecks intervals to 18 pecks or 4 1/2 bushels of seed per acre. He used 4 different varieties.

With two of them—Knox and Saline—he got the best average yield at 9 pecks. The average yield of all 4 varieties was 42 bushels per acre at both the 9 and 18 peck rates.

Clover stands declined as the seeding rate went up, as did also plant erectness and plant height. Plants from thick planting ripened earlier than those from thin planting.

The addition of nitrogen increased the yield 3 bushels per acre for 30 pounds, 7 1/2 bushels for 60 pounds and 7 for 90 pounds of nitrogen as ammonium sulphate. Nitrogen increased plant height, straw yields and protein in the grain; but it decreased plant erectness, plant stands, test weight per bushel and weight of 1,000 kernels.

We can summarize the recommendations for growing wheat like this: Use an adapted variety. Clean and treat your seed. Prepare a good seedbed. Plant about 1 1/2 bushels per acre. Fertilize with phosphorus and nitrogen. Control insects and diseases.

A number of soybean fields showed deficiencies of manganic acid during the past growing season. It's doubtful that yields were noticeably decreased, as the plants grew rapidly and recovered their normal green color. Most of the affected areas were patches here and there in the fields. Among the farmers reporting these conditions were Herbert Bischoff, Namokel township and Herbert Highland, Edwardsville.

From a distance, the patches in the fields showed a yellow color. Close examination showed leaves with green veins and yellowish-green interspaces. A spray of 10 to 20 pounds of manganese sulfate per acre applied promptly will correct the leaf discoloration and restore affected areas to normal yields. It is expected that there will be more of this trouble in future years.

Highest producing herds in the Madison County Dairy Herd Improvement Association are:

Requirements to start a 4-H club are basically: boys and girls from ages 10 to 20 years who are interested in the available projects, having a minimum of 5 or more members and an adult leader. However the officer of the county extension adviser and assistants will be able to help secure interested adults if they request a club in their area. Persons interested in a club being formed in their area should contact the extension office.

Corn picking time will be following on the heels of our Indian Summer weather and 4-H members who have been enrolled in the 5 acre yield corn project already are anxious to have their fields checked. With the good weather we've had this summer, it is anticipated that some record breaking yields will be recorded by the youngsters. Judging of corn yield projects is an

OFFICERS INSTALLED yesterday by Amvets Post 51, left to right, Edward Uherck, Fifth District commander, installing officer; Russell Walker, membership chairman; John McCall, commander; William Webb, first vice-commander; Ben Sanders, adjutant; Standing, Joseph Cuvier, finance officer; Larry Ferrare, chaplain; Robert Harrison, second vice-commander; Floyd Tucker, public relations officer; Charles "Jr." Wilkins, provost marshal. Not present when the picture was taken were Glenn Greer, third vice-commander; and George Moran, probate judge.

Pvt. Carl L. Allen Arrives In Germany

Army Pvt. Carl L. Allen, son of Mr. and Mrs. Carl L. Allen, Rural Route One, has arrived in Germany and is now assigned to the 663rd Ordnance Company in Wileck.

Allen, an ammunition storage specialist in the company, entered the Army in March 1961 and completed basic training at Fort Leonard Wood, Mo.

The 17-year-old soldier attended Granite City high school.

Other highlight among the 4-H activities.

Camp season again is just a memory. About 90 members from Madison county attended 4-H camps this year at Western Illinois 4-H site at Lake Jacksonville.

In addition to the two regular 5-day camping sessions, this year there was featured a two-day camp for older 4-Hers who could not attend a longer camping period.

Camp facilities include swimming, fishing, hiking and nature activities in 75 acres of woods. Recreation and handicrafts are also part of the camp life.

FURNITURE COMPANY

Bellemore Village Shopping Center

50-CENT INVESTMENT secured the etching being studied here by Mrs. Charles Littlejohn, left, 2020 Bryan avenue, and Mrs. Carl Fuller, 2707 Roosevelt street, right, both artists. On the wall behind the etching, now valued at \$100, are landscapes done by Mrs. Littlejohn. Mrs. Fuller is a portrait painter.

50-Cent Etching Proves 200 Times More Valuable

Everyone who shops in a second-hand store dreams of making a real find sometime. For Mrs. Charles Littlejohn, 2020 Bryan avenue, that dream came true — a 50-cent purchase has been valued at \$100.

A landscape painter, Mrs. Littlejohn often shops second-hand stores for picture frames. While looking in the Goodwill Store at 1921 State street earlier this year, she noticed a black frame touched with gold.

The frame was just the right size, so Mrs. Littlejohn paid the asking price of 50 cents without paying much attention to the print inside. A black and white etching, it showed a cathedral and the street in front of it.

Surely, if this etching had hung in the Louvre Museum in Paris, then the artist, Louis Orr, should be one of note! In calls to the St. Louis public library and letters to the Illinois state library, Mrs. Littlejohn discovered that Louis Orr is indeed a recognized figure.

Listed in "Who's Who in American Art" as an American

complete with groups of people and a Red Cross truck.

Unpacking it at home, she saw it was entitled "La Cathédrale de Reims — Facade." On the mat she noted a raised circular imprint. With a magnifying glass, she made out the words "calographie du Louvre" surrounding a little angel head in relief.

By this time, Mrs. Littlejohn was convinced that she wanted to keep the print, no matter what its value. But having gone this far, she decided to get an expert evaluation and checked the St. Louis City Art Museum.

But she's not planning to sell it. How often can one enjoy owning a \$100 picture without wondering whether it cost too much? Mrs. Littlejohn knows that, at 50 cents, she got a bargain.

artist born in 1879. Orr was said to be noted for black and white etchings, including one of the Rheims Cathedral in 1917 with a Red Cross truck in front.

By this time, Mrs. Littlejohn was convinced that she wanted to keep the print, no matter what its value. But having gone this far, she decided to get an expert evaluation and checked the St. Louis City Art Museum.

But she's not planning to sell it. How often can one enjoy owning a \$100 picture without wondering whether it cost too much? Mrs. Littlejohn knows that, at 50 cents, she got a bargain.

Crash Last Night

Robert Barnhart, 30, Alton, was taken to St. Elizabeth Hospital for emergency treatment after his auto collided with another vehicle on Route 111 near the Lakeside Airport at 6:30 p.m. yesterday.

He received x-rays to the head was treated for tenderness to the right arm and shoulder, and was released. He said the other vehicle pulled onto the highway from a side road, into the path of his car.

Margaret Puckett, 34, of 2038 Iowa street was injured at 9:30 a.m. Saturday when the rear of her southbound auto struck the rear of the parked car of Mary Davies in front of the Davies home at 2635 Madison avenue.

Treated at St. Elizabeth Hospital, Mrs. Puckett was bruised about the right side of the face and suffered contusions to the chest, left shoulder and right angle. She told police her car was forced over by another southbound auto which passed

Settlement Closes

Omaha St. Cave-In

A street cave-in, believed at first to be a sewer breakdown in the 2000 block of Omaha street where a trunk line recently was replaced, was discovered Friday by police and referred to the city engineering office.

W. A. Pearson said the cave-in resulted from natural settlement and was not a break in the sewer line. "The crack in the concrete pavement is all that will have to be repaired," he explained.

A settlement of new backfill in the backyard at the home of Robert Margeson, 3156 Aubrey avenue, gave city officials a scare last week when a hole appeared in the yard. Additional fill is all that's needed, Pearson said.

at the Terminal Railroad Association viaduct.

Taken by ambulance to St. Elizabeth Hospital, John C. Edwards, 522 Slough road, was admitted for observation and for treatment of a small laceration on the back of the head. He complained of a headache.

The motorist, Theodore Sherry, 44, of 2210 Nevada avenue was charged by Venice police with reckless driving. Officers said skid marks made by the car covered a distance of 98 feet.

Sherry, who had been driving north, said the boy ran onto the roadway from behind a pier of the viaduct.

Mother, Child Injured

Mrs. Charlene Miller, 29, of 2354 Waterman avenue and her daughter, Christine, 10, were hurt in a collision on Nameoki road at Madison avenue at 3:25 p.m. Saturday, being taken by ambulance to St. Elizabeth Hospital.

Mrs. Miller, who had been driving south, suffered abrasions and contusions to the left elbow while Christine Miller was treated for abrasions under the nose, discoloration of the right eyelid and leg bruises. Their car, a 1931 Ford, was damaged.

Police charged Joe Riddle, 58, St. Louis, who was driving north and attempting to turn left onto Madison avenue, with failing to yield the right-of-way. He was released on \$16 bond until hearing this week. There was damage to the front of his auto and the right front and side of the Miller vehicle.

Crash Last Night

Robert Barnhart, 30, Alton, was taken to St. Elizabeth Hospital for emergency treatment after his auto collided with another vehicle on Route 111 near the Lakeside Airport at 6:30 p.m. yesterday.

He received x-rays to the head was treated for tenderness to the right arm and shoulder, and was released. He said the other vehicle pulled onto the highway from a side road, into the path of his car.

Margaret Puckett, 34, of 2038 Iowa street was injured at 9:30 a.m. Saturday when the rear of her southbound auto struck the rear of the parked car of Mary Davies in front of the Davies home at 2635 Madison avenue.

Treated at St. Elizabeth Hospital, Mrs. Puckett was bruised about the right side of the face and suffered contusions to the chest, left shoulder and right angle. She told police her car was forced over by another southbound auto which passed

PANCAKE BREAKFAST given by Belleme Village shopping center stores on their parking lot Saturday morning attracted 2100 persons, some of whom are pictured. The free outdoor meal included pancakes, sausage, juice and coffee.

and returned to her lane too quickly.

Can Knocked Into Tree

A westbound car on Leonard street, driven by Lettie M. Jolly, 33, of 1148 Rhodes street, struck a parked car near the Nameoki road intersection Friday at 10 p.m. and knocked it into a tree.

Mary Claffelter, 76, of 2621 Center street, a passenger in the Jolly car, and the Jolly woman were injured, police said.

Taken to St. Elizabeth Hospital, the Claffelter woman was admitted for observation after suffering a bump on the head. The driver of the car was charged with careless driving and posted her driver's license as bailed.

The parked car was owned by Geneva Weymouth, 3000 Nameoki road.

Two motorists were hospitalized as a result of a two-car collision on State Route 111 one-half mile south of the Route 96 by-pass near Mitchell at midnight Thursday. State police said an auto driven by John Beemer, 22, East St. Louis, ran off the pavement and then swerved into the opposite lane when he pulled back on.

Beemer's machine collided with a car driven by John Hartman, 49, Millstadt. Hartman's car was knocked off the road, turning over onto its top. Both men were traveling alone at the time.

They were admitted to St. Elizabeth Hospital, Beemer with lacerations on the head and face and abrasions to both arms, legs and knees, and the right ankle. He received 25 stitches. Hartman required 15 stitches to close a laceration on the left wrist, and also suffered abrasions to both hands, legs and arms.

Beemer was released from the hospital Saturday.

Venice Resident Named Engineer At GC Depot

Jack R. Tolliver, Venice city engineer, has been employed as the new staff engineer of the Granite City Army Engineer Depot, it was announced today.

He transferred here last week from the District Engineer's office in St. Louis, where he was field assistant to the project engineer for St. Louis area flood protection.

Married and the father of six children, Tolliver resides at 1250 Klein street. Born in Venice, he attended Venice schools and Washington University, obtaining a degree in civil engineering. He served in the Navy during world war II, receiving the submarine combat award.

1962 State License Applications Available

Secretary of State Charles F. Carpenter announced today that applications for 1962 registrations are now available.

Carpenter also reminded applicants who will be seeking reassignment of motor vehicle license numbers that no individual notices of the approach of the deadline will be made this year.

Provided they submit their applications before Nov. 1 and request reassignment," Secretary Carpenter said.

2-Week City Court Jury Setting To Begin Oct. 9

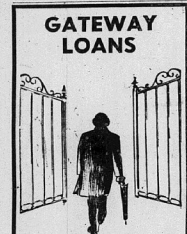

Forty-two lawsuits, two appeals and one assumpsit are a two-week city court jury docket, where a jury is scheduled to begin hearing testimony on Monday, Oct. 9, according to Clerk of the Court Mrs. Helen Honan. The daily court docket is as follows:

Monday, Oct. 9: lawsuits —
Doyle Smith vs. Frank Austin, Mary E. Warford vs. Edward Kendall, Nancy Oliver vs. John Lewis, Wilbur Pryor vs. John Walker, Elaine Lance vs. Joseph E. Wyatt, Terry Singer vs. Billy Leroy Chastain, J. F. Eravi vs. Wahash Railroad Co., Jesse Lasswell vs. Anthony Cobill, and S. R. Bynfield vs. David Cross.
Tuesday, Oct. 10: lawsuits —
Charles Frank vs. Jovier, E. C. Closskey, Mildred Crider vs. Howard, J. Jacob Senko vs. LaCrosse Dredging Co., Raymond W. Steiger vs. Harold Waggoner, Louis E. Sims vs. Madison County Mutual Life Insurance Co., Laverne Sims vs. Marie Johnson, Ella Mae Givens vs. James J. Givens, Thomas Kirchhoff vs. Matthew J. Wilecz, and James E. Johnson vs. Laverne Sims.
Wednesday, Oct. 11: lawsuits —
Howard Potts vs. S. M. Wilson & Co., Robert L. Turner vs. Robert A. Kraus, Edwin M. Novak vs. Robert W. Schirring.

Scout Review, Conclave

October Boy Scout activities in the Quad-Cities will include a review of prospective Eagle Scouts on Wednesday, Oct. 18, and a convocation and membership induction of the Cahokia Lodge, Order of the Arrow, Oct. 20-22. The Suncoast Scout Reservation will be the scene of weekend troop camping Oct. 20-22 and Oct. 27-29. Explorers and rifle teams will begin competition in National Rifle Association matches this week.

Granite City PRESS-RECORD

Page 16 Mon., Oct. 2, 1961

GC 2nd Only To Chicago In Trade Class Enrollment

Granite City has replaced Rockford as the largest enrollment center in Illinois, excluding Chicago, the state Trade and Industrial Education office has reported.

The local school district's enrollment trade extension classes is 677, compared to 654 in Rockford, 474 in Decatur, 289 in Moline, 247 in Freeport, 236 in Franklin Park, 235 in Bloomington and lesser totals in other districts.

Of the 677 enrollees, 489 are non-apprentices, topped only by Rockford's 513, and 188 are apprentices, exceeded only by Moline's 261. Moline has 38 non-apprentices and Rockford has 141 apprentices in trade classes.

Other districts in this area ranking in the top 28 in trade extension programs are Alton, 333 apprentices and 150 other, total of 483; Belleville, 59 apprentices and 17 other, total of 76; and Wood River, 63 apprentices and 110 other, total of 173.

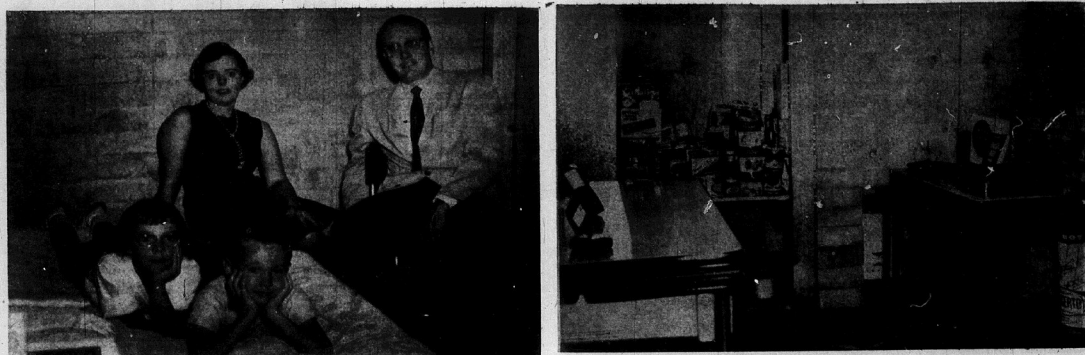

The Granite City program consists of evening classes for adults employed in trade and industrial jobs.

Some of the courses are conducted at Granite City high school and others at plants. The program is supervised by Dr. Harold M. Kaiser, superintendent of schools, M. A. Wittencron, administrative assistant for vocational and adult education, representative.

License Suspension

Supervision of driving privileges was ruled last week at the Springfield office of Secretary of State Charles F. Carpenter by Gerald L. Gann, Rural Route One, for permitting fraudulent use of a license.

— TRY A CLASSIFIED AD —

THE MARCUM FAMILY poses in the fallout shelter in their basement. Lying on the bunk are Gwen, eight, and Donald Marcum, seven, while Mrs. Marcum and Rev. Calvin Marcum are seated at the rear. Rev. Marcum says his family could "live comfortably" in the shelter for two weeks should the need arise.

'We Have An Obligation To Live,' Says Nameoki Pastor Who Has Built Basement Fallout Shelter In Spare Time

If a nuclear bomb falls somewhere in the sprawling metropolitan area tonight, a Nameoki area minister feels he is ready for it.

"I can't lose," says Rev. Calvin Marcum, pastor of the Nameoki Presbyterian Church. "If I am ready for death, if not, I am ready for life. I don't know if I've done all I can do."

In the basement of the Marcum home, a comfortable modern brick dwelling at 4062 Vesel Avenue, is a family nuclear fallout shelter designed to accommodate the pastor and his family—his wife, Twila, and their two children, eight-year-old Gwen and Donald, seven.

Constructed during the early hours of the morning and late hours of the night, the concrete block shelter was built by Rev. Marcum, a member of the board of directors of the Tri-Cities Chamber of Commerce, with no outside help. He says anyone can do the same.

"Suggests Co-Op Shelters"

"But I would strongly advise a group of neighbors to get together and do the job cooperatively," he says. "Each concrete block weighs 45 pounds, and I carried 1000 of them down to the basement."

"I worked on that thing from 5:30 or 6 in the morning until 11:30 at night, then some nights worked again until 2 a.m. This went on for about two weeks."

The shelter is built according to Civil Defense recommendations by plans Rev. Marcum secured from National Civil Defense Headquarters at Battle Creek, Mich., several months ago. He went beyond the minimum space requirements, however, building the shelter twice the size specified in the plans.

"We feel confident we could live comfortably in it for two weeks," the pastor says. "The children use it for a basement club-house, and slept there one

weekend when the Marcums had company from out-of-town."

Larger Water Tank

In addition to the hours of back-breaking labor, the shelter cost Rev. Marcum \$325, plus another \$175 for furnishings—a chemical toilet, a 60-gallon water tank (twice the minimum size recommended by Civil Defense), a transistor radio, six volt batteries and lights, two Army surplus cots, and food and other supplies for two weeks.

Is it worth it?

Calvin Marcum believes it is. "I think we have made too much of a monster out of this thing," he says. "Even if 25% of our population should be killed in a nuclear attack, the remaining 75% is the important element. If these figures were reversed, the same would still hold true."

Fatalism has never been an American characteristic, Rev. Marcum says, and he is shocked by the attitude of many Americans today. Such an attitude plays right into the hands of our enemies, he believes.

"We are for the first time in our history taking the line that we are going to lose a war by extermination," the minister says. "But our scientists say that even in the event of an all-out nuclear attack millions of Americans could survive."

"If never crosses my mind but that it is there is an atomic war we're going to win. I think Russia knows this, so there's not going to be a war."

Protective Offensive

But we need to take the protective offensive in the nuclear age the same as we would on the old-fashioned battlefield, he believes. If our enemies believe they can exterminate us, they might try. But if not, they won't.

Protecting ourselves against nuclear fallout is just like digging a foxhole or a trench on the firing line, says Marcum, a graduate of Indiana's Ball State Teachers' College with three

years of graduate study at McCormick Seminary, Chicago.

The pastor admits that many others shared the feelings frequently expressed by him.

"That's nothing that can be done about a nuclear attack, so why be concerned? He was, he confessed, glad he lived in a metropolitan area high on the list of potential targets—St. Louis, for example.

Then while studying the fifth chapter of Corinthians II one night, Rev. Marcum began to consider the words of Paul, who admitted death would be the easy way out. But Paul felt he had an obligation to live.

Moral Cowardice

"For a fatalist it's easier to commit suicide than to face reality," the Nameoki pastor says. But it is moral cowardice to throw up our hands and say we can do nothing about it.

"We have an obligation to live. It is spiritual and moral conviction that wins wars. If all the soldiers on the battlefields had seen no merit in digging foxholes or trenches, a lot more of them would be dead."

For one thing, Rev. Marcum, past president of the Quad-Cities Ministerial Alliance, sees his duty as a clergyman to be available in case of such a disaster as would be wreaked on our community by a nuclear blast to help, comfort and rebuild.

But rebuild what?

According to defense experts, he says, only a small percentage of our productive land would be destroyed in a nuclear attack. Agricultural production would be cut by perhaps one-third the first year, and should return to normal the second year.

Dr. William Teller, "the father of the H-bomb," says we can survive while a nuclear blast would level everything up to within a 15-mile radius, no one could

predict precisely where the center of the blast would be, he says, so any of us might survive.

May Not Be Home

"People always ask me, of what value will the shelter be if you aren't at home when an attack occurs?" the pastor says. He has several answers.

First, he believes that an enemy could not hit 1800 targets at one time. He says he would like to see the 1800 targets in Europe and 1000 in the U.S. from which to launch a counter attack. An enemy's first bombs or rockets would be aimed at these sites, and we could have some warning before a nuclear weapon hit the immediate area.

Even if he and his wife should not be able to reach home, Rev. Marcum maintains, the two children could get home from school, both students at the nearby Maryville school, where their mother is president of the PTA, Gwen and Donald have explicit instructions as to the use of the shelter.

Actually, though, he feels chances are good that his family would be home with the shelter readily accessible in the event of an attack.

Attack During Night

An attack from Russia would most likely hit the U.S. during the middle of the night, he says, because that would be the beginning of the daylight hours in the Soviet Union, giving them the benefit of light to defend themselves against counter-attack.

And finally, the minister gives the irrefutable answer that in any event his family would stand a better chance with a shelter than without one.

Now that his own shelter is completed, Rev. Marcum is an all-out crusader for the protection of others. He is always ready to speak to any group or society, people to see his, and preaches his philosophy of courage from the pulpit.

"I announced to my congregation last July that I was building a fallout shelter," he says. "Now I'm getting more specific in the pulpit. I am going to start talking about fallout shelters and means of survival."

Marcum believes an alert system is as important to our nation as are streets and roads and communications systems. He is concerned over the lack of instruction in our schools along the lines of Civil Defense.

Saw Model Shelter

He says the city of Springfield, which is his original home, is currently making an intense effort to promote Civil Defense. It was there that he saw a model family fallout shelter and decided to build one himself.

"I am trying to set an example

by doing," he says. "Perhaps when people see that others are building shelters, their own timidity will be lessened. Our shelter was not built out of cowardice, but out of courage."

Perhaps the Nameoki pastor's philosophy is well summed up in the Office of Civil and Defense Mobilization publication, "The Family Fallout Shelter."

"We do not want war. We do not know whether there will be a war. But we know that forces hostile to us possess weapons that could destroy us if we were unready. These weapons can create a new threat—radioactive fallout that can spread death anywhere."

"That is why we must prepare."

THIS UNOBTRUSIVE ENTRANCE could lead the way to life-saving protection for the Marcum family in the event of a nuclear attack. The entrance makes a right-angle turn, as called for in Civil Defense plans, as radiation flows in straight lines.

GRANITE CITY
TR. 7-6810

SIU Lists 14 Major Recommendations For Police Dept.

(This is the 30th in a series of articles based on a reorganization study of city government in Granite City by Southern Illinois University.)

The SIU team of experts devoted 40 pages of its 218-page government study report to the police department and presents 14 major recommendations with 16 supplemental suggestions.

Police Chief Raymond Willard pointed out that several of the recommendations are being undertaken, while others involve expenditures of money or policy changes and must first be approved by the council.

Recommendations presented for the police department include:

1. Granite City needs a new police headquarters to aid in the efficient organization and performance of the police department function.

Station Near Fire House
The new station should be located on city property adjacent to the new fire headquarters.

Every effort should be made to combine the communications center of the two departments.

2. The patrol division should be reorganized to cover five one-man patrol districts instead of three with the necessary reassignment of men and purchase of additional patrol cars.

One detective and the two parking meter men should be transferred to the patrol division.

Three sergeants, one on each shift, will direct the activities of the patrolmen in the field.

Patrol procedures should be tightened up, spelled out in the department rules and regulations and enforced.

Fire Training For Police
3. In order to build up the strength of the fire department, certain patrolmen on each shift should be trained in the fire service and report to all fires.

4. No traffic division for the department is warranted but an officer should be designated to be responsible for all phases of traffic control, accident investigation and traffic engineering and for training the members of the department in these areas.

5. The investigations division should be under the direction of an officer of the rank of captain and should revise its working hours and procedures and should improve its records.

6. The records division should be given the status it requires by making its head a sergeant, improving the types of forms used, reporting techniques and establishing centralization of all police records.

Should Hire Clerk
A clerk should be hired in the record division to type reports, handle files, parking tickets and serve as secretary to the chief and other officers and trained to handle calls when feasible and to relieve the day shift lieutenant when necessary.

Careful planning should go into the location of the record function in the design of a new police headquarters so that it can efficiently perform its important services to the department.

7. Communications procedures should be brought into conformity with the FCC regulations and more attention should be given in contacts with the people by telephone.

8. A juvenile officer should be designated in the department who would be trained in the handling of juvenile offenders.

He should handle all investigations of cases involving juveniles. He should cooperate with the Coordinated Youth Services and the recreation program of the city.

park district in programs of assistance to juveniles as for its time has the time from his other duties.

Hire 2 "Meter Maids"
9. Two "meter maids" should be hired and equipped to enforce the parking meters instead of the two regular patrolmen who have this assignment.

10. Parking meter receipts should be used for the acquisition and improvement of off-street parking areas.

11. The chief of police should develop his executive leadership through the use of the management tools available to all administrators, realizing that as chief he is an administrator and executive rather than a policeman.

Techniques such as staff meeting, development of a set of rules and regulations, a system of orders, employee rating and employee records are some of the tools available to the chief.

Also attending to the roll call and inspection he held by the supervisor of each shift as it comes on duty.

Training Program
12. The training function should be expanded by:

The chief should direct that a recruiting training course.

Reemphasizing the necessity of training for command officers, including the chief, in the sub-

jects of police administration and establishing such a course.

Sending men to training institutes whenever possible but to those both capable of absorbing the material and willing to serve as instructors in the department in the training positions.

Setting up a departmental library for the use of the men.

13. The chief of police should impress the importance of the impression they make on the people of Granite City, the other employees of the city and their fellow officers. The reputation of the department should be enhanced whenever possible through personal contacts, the press and reports.

14. The chief of police should determine in conference with the mayor which of the recommendations can be instituted immediately and set up a priority list and plan for implementation.

The SIU report points out that the city has a police force with an average of 30 to 72 policemen and the median of the communities in Illinois is 46.

Chief Willard said he has 36-man Granite City force.

Jumbo-Sized Log Raft Passes Through Locks

A young Tom Sawyer would have drooled at the prospect of inventing some way to get around the type of tow which passed downstream through the Chain of Rocks canal locks here Thursday.

For bound for New Madrid, Mo., and the sawmills there was a huge log raft, 450 feet long and 100 feet wide.

Lashed together with chains, the raft covered approximately half the length of the large 1200-foot locks at the canal. Pushed from the rear by one small tow-

boat, it was steered from the front by another.

The tow was made up principally from cottonwood logs from 10 to 20 feet in length and as large as three feet in diameter, lashed together with wire.

It originated early last week at Pearl, Ill., on the Illinois river, according to those on board the towboats, and is due to arrive in New Madrid today.

There the logs will be roughly sawed into lumber and are expected to yield 150,000 board feet of usable material.

Rites Held For Former Resident, Myles Haynes

Funeral services were held Saturday afternoon in Alton for Myles H. Haynes, 50, of Albuquerque, N. M., a former local resident and father of Grace Haynes (Carol) Wood of Granite City.

Mr. Haynes was dead on arrival at an Albuquerque hospital on Oct. 10 p.m. Sept. 25, after being stricken at home. He had been in Alton for several months with heart ailment.

He lived in Granite City six years before moving to New Mexico two and a half years ago and was employed at Linnett Steel Products, Inc. here. Previously, he lived at Quincy, where he had been a driver for the Continental Trailways bus company for 18 years.

Survivors, in addition to Mrs. Wood, include his wife, Elizabeth, a son, Merle, Springfield, Ill.; a brother, Donald, with the U.S. Army in France; and five grandchildren.

An obituary appears elsewhere in this issue.

2 Divorces Saturday In City Court Here

Two divorces were granted in city court here Saturday morning before Judge Fred P. Schuman.

Sharon M. Nash, charging cruelty, was divorced from Lynn A. Nash. The couple married Sept. 17, 1960, and separated last April 17. No children were listed in the divorce.

Also charging cruelty, Betty Rose Adams was divorced from Charles F. Adams. The plaintiff's former married name of Plachdag was restored by the court.

The couple married May 1957 and separated June 3 of this year. There are no children.

Two Added To Staff of Mental Health Clinic

Mrs. Earl Gaylord, president of the Madison County Mental Health Association, announced today that starting this week the St. Louis University School of Social Work has made available four master degree candidates for work with the Alton and Granite City mental health clinics.

At the Alton clinic will be Jerry Staten, Alton, and James Taylor, Sioux City, Ia. Those at the clinics at 1243a Niedringhaus avenue will be Miss Joan Seidel of Minneapolis, Minn., and Miss Carol Duemond of Austin, Minn. Each of the candidates will spend three days each week at the clinics.

The offer of assistance from St. Louis University to use their post-graduates in the Madison county clinics "will greatly aid in a better and more complete service for all needing this help. This is the first time in the history of the Madison County Mental Health Association that such a service has been available," Mrs. Gaylord commented.

Training Begins For Boy Scout Unit Leaders

Twelve troop leaders from six troops were present Thursday at the parish hall in Mitchell for the first of three Boy Scout basic sessions, led by Training Chairman Robert McCoid. The instruction was entitled "What is Boy Scouting?"

Instructors were George Bugle and Zane Miller of Troop 41, assisted by District Scout Executive Dan Brown. The second session on "Troop Operation" will be held Thursday, Oct. 5, at the same location.

County Zoning Hearings To Begin Oct. 24

Hearings in 22 Madison county townships on proposed county zoning regulations have been scheduled tentatively for Tuesday, Oct. 24, through Wednesday, Nov. 22.

A schedule of the tentative dates has been sent to officials in the townships, which include Venice, Nemoeki and Chouteau.

Patrol procedures should be tightened up, spelled out in the department rules and regulations and enforced.

3. In order to build up the strength of the fire department, certain patrolmen on each shift should be trained in the fire service and report to all fires.

4. No traffic division for the department is warranted but an officer should be designated to be responsible for all phases of traffic control, accident investigation and traffic engineering and for training the members of the department in these areas.

5. The investigations division should be under the direction of an officer of the rank of captain and should revise its working hours and procedures and should improve its records.

6. The records division should be given the status it requires by making its head a sergeant, improving the types of forms used, reporting techniques and establishing centralization of all police records.

7. Communications procedures should be brought into conformity with the FCC regulations and more attention should be given in contacts with the people by telephone.

8. A juvenile officer should be designated in the department who would be trained in the handling of juvenile offenders.

He should handle all investigations of cases involving juveniles. He should cooperate with the Coordinated Youth Services and the recreation program of the city.

9. Two "meter maids" should be hired and equipped to enforce the parking meters instead of the two regular patrolmen who have this assignment.

10. Parking meter receipts should be used for the acquisition and improvement of off-street parking areas.

11. The chief of police should develop his executive leadership through the use of the management tools available to all administrators, realizing that as chief he is an administrator and executive rather than a policeman.

Techniques such as staff meeting, development of a set of rules and regulations, a system of orders, employee rating and employee records are some of the tools available to the chief.

Also attending to the roll call and inspection he held by the supervisor of each shift as it comes on duty.

Training Program
12. The training function should be expanded by:

The chief should direct that a recruiting training course.

Reemphasizing the necessity of training for command officers, including the chief, in the sub-

jects of police administration and establishing such a course.

Sending men to training institutes whenever possible but to those both capable of absorbing the material and willing to serve as instructors in the department in the training positions.

Setting up a departmental library for the use of the men.

13. The chief of police should impress the importance of the impression they make on the people of Granite City, the other employees of the city and their fellow officers. The reputation of the department should be enhanced whenever possible through personal contacts, the press and reports.

14. The chief of police should determine in conference with the mayor which of the recommendations can be instituted immediately and set up a priority list and plan for implementation.

The SIU report points out that the city has a police force with an average of 30 to 72 policemen and the median of the communities in Illinois is 46.

St. John Members At Lutheran Convention

Members of St. John Lutheran Church, St. Clair avenue at Dale, are attending and participating in the bi-annual convention of the Synod of Evangelical Lutheran Churches now in session in St. Louis.

Quiller Hines is the official delegate from the church, with Michael Schmidt as alternate.

Also attending from the local congregation is Joseph C. Cell, president of the congregation and treasurer of the Synodical Church Extension Fund.

Pastor Samuel Joda will be present at the daily sessions which will continue through Thursday noon. He is chairman of the Synodical Board and is secretary of the Synodical Social Welfare Board and an associate editor of the Synodical monthly periodical, The Lutheran Beacon.

Pastors and delegates wives also are attending some of the sessions and there will be a special meeting for the wives of pastors Tuesday afternoon.

On Sunday, afternoon a number of the delegates and pastors were in Granite City for a tour of the new St. John Lutheran church building and parsonage.

In charge of the tour was the pastor and a congregational chairman. Light refreshments were served by the ladies of the church.

The Synodical meeting began Saturday with St. John Lutheran Church, 7100 Morganford road, as host congregation.

The S.E.L.C. of which St. John church is a member, is in fellowship with the Lutheran Church Missouri Synod and is a member of the Synodical Conference.

Korean Vets To Get Insurance Dividends

Approximately 393,000 Korean veterans who have converted or exchanged their "RS" insurance policies for "W" insurance will receive a special dividend as a result of a law signed recently by the President, John F. Gleason Jr., Administrator of Veterans Affairs, said today.

An additional 234,000 who have not yet changed from "RS" to "W" insurance may become eligible for the dividend if they convert or exchange their policies for the new type "W" insurance within two years from the date the law was signed.

Some \$65-million is available for distribution in this special dividend, Gleason said, to liquidate a

Product Development Firm Plans National Expansion

"Tomorrow—today." This is an ambitious motto, but one that is rapidly nearing reality for Tomorrow, Inc., a product development firm organized by a group of Granite Cityans this spring. Its planned expansion to national proportions, instead of a future occurrence, is now regarded as just around the corner.

One of the major reasons for an acceleration in its plans is the firm's development of a teaching machine, known as "Instructor." A patent search has just been cleared, and registration for a pending patent is anticipated in the near future.

"Educators have commented that the market is unlimited because of the impact of the nationwide teachers shortage and the necessity for trained people possessing vast knowledge," one of the company's organizers said in explaining the machine.

"Psychologists are saying that teaching machines accelerate memory development, dexterity and concentration.

"We believe our teaching machine will meet the educators' and psychologists' objectives by combining new methods with electronic instruction."

National expansion is being given serious consideration even though the company is still in its infancy, because of rapid progress made in assembling ideas and developing potential projects.

"Many creative individuals have contacted us concerning ideas and we hope for a continuation of this process at an ever-increasing rate," the spokesman said.

In fact, contacts have become so numerous since the incorporation on April 21 that the group is attempting to move behind a veil of anonymity. Only name being used at present is that of the firm's attorney, Maurice Dailey, and even he can no longer accept telephone calls on product ideas. The company can be reached by mail at Post Office Box 482, Granite City.

Research, Engineering With no full-time office staff as yet, the company is endeavoring to move slowly in some phases but is going top speed in its primary pursuits of research, engineering, consultation and development.

Participation has been limited intentionally at this stage to those with a specific talent to contribute — engineering, electronics, architecture, accounting and other fields. Many are devoting long hours to initial planning, testing and experimental production.

Setting its goals as high as the sky, the company is gearing for significant changes within the next 12 months.

An organization of as many as 250 technical and sales people at key points across the nation is envisioned. But the headquarters are to remain in Granite City, and the investigators hope for a continuation of what has been Tomorrow's lifeblood thus far — practical ideas from Quad-City residents.

Shining Example How much success will be attained is unknown, but examples that have been cited include the Kalvar Corp., whose stock soared 100% in six months because of development of a revolutionary dry photographic process.

Just which product could provide the major breakthrough also is a question mark. Only one rapid-selling product would afford the capital for more intense concentration on research

and development of a large number of articles.

At present, hopes are pinned on two products — the teaching machine or a toy known as "Jope."

Successor To Hula Hoop? "We confess that we did not invent the Jope, but we purchased all rights because we felt, with proper handling, it could be a sequel to the hula hoop," multi-million-dollar craze of a short time ago.

"Production problems are being studied, and further negotiations concerning marketing of the Jope are in progress," the spokesman added.

"Drawings are being made for patent — searching (determination whether there are duplicate products that could lead to a patent fight) for an electrical test item. It would test components in radio and television sets without removing them from the sets."

"A national concern is presently studying the Tomorrow, Inc. — Jope contact device. It would provide a system of controls and instructions."

"Many other ideas and programs are being evaluated. Some are being developed. Others are receiving further consideration or are in research and development."

Hold Many Patents Many of the proposals have been received in an advanced form, with working models already prepared. In addition to the outside contacts, the incorporators themselves are an inventive group; several hold numerous patents.

The field of automated instruction already has attracted 67 firms—some of them among the largest companies in the nation—and a national publication devoted exclusively to it. The local group's hopes are related to a process regarded as equal in quality but much less costly than some of the early teaching machines.

Comments cited on the future of automatic instruction include the following:

Hugh C. Breen, president of Western Design and Electronics — "Substantial industrial and military training needs and the projected long-term educational market indicate that the auto-instructional device market may amount to as much as a billion dollars a year."

Ben Edelman, chairman of the Educational Coordinating Committee, Electronic Industries Association — "The potential educational market seems to offer the largest field."

Aid To Studying Many industrial and governmental groups concerned with employee training have expressed a desire to train their staffs through auto-instructional programming, and a survey of college students' reactions has shown that 92% prefer some teaching combination involving instruction machines with lectures, textbooks or both. Sixty-two per cent believe machines made a text much easier to understand and 37% feel they were of some additional help.

Whether with the aid of teaching machines or some other form of product development and sales, Tomorrow, Inc., members are confident of the future. They comment:

"We believe in America, and feel we can own a share of the future, along with the many local residents who have contributed so materially toward the ideal of 'tomorrow—today.'"

YOUR WORLD SERIES SEAT... LESS THAN 3 CENTS A GAME!

... thanks to low-cost electricity

Twenty years ago you couldn't even see a World Series game on TV. But this week your World Series seat will cost you less than 3¢ a game for electricity! Television is just one of the many ways electricity brings you better living for pennies. And you're still buying electricity at bargain prices—because at Illinois Power, the more electricity you use, the lower the cost per kilowatt hour. Matter of fact, our average customer pays about the same price per kilowatt hour that Dad paid in the "Dizzy" Dean era.

MARK BESTA HONORED ON FIFTH BIRTHDAY
Mr. and Mrs. Ruby Besta entertained with a children's party Thursday evening in observance of the fifth birthday of their son, Mark. Refreshments were served throughout the party. The party was held at the home of Mrs. Helen Slay and Mrs. Nola Rill.

Traditional Birthday Cake
A traditional birthday cake, decorated to resemble a pumpkin, featured a colorful centerpiece with miniature pumpkins and favors placed around the table for each child.

Many gifts were presented to the honoree. After the packages were opened, games were played and prizes awarded to Dennis Taylor, Edwin Niepert, David Luckert and Renee Katal.

Others attending included: Greg Taylor, Cindy Niepert, David, Sandy, David, Herman Weissman, Mandy Knapp and the honored guest's sister, Renee.

MRS. DUBBIN IS HOSPITAL PATIENT
Mrs. Vyvynne Dubbin, 1644 Venice Avenue, entered Jewish Hospital, St. Louis, Saturday and is undergoing extensive medical treatment, including physiotherapy, for an injury sustained several weeks ago. She is expected to remain hospitalized for approximately seven to ten days.

Saturday - Chili & crackers, peanut butter sandwich, chocolate cake.

ISABEL BEVER UNIT MAKES FALL PLANS

The Isabel Bever Unit of the Madison County Home Bureau met Thursday evening at the home of Mrs. Carol Christie, 268 Oregon Avenue, and plans for the fall were made.

Mrs. Irene Dawes, chairman, conducted the meeting and announced that the annual district meeting will be held Sept. 29 at the Evangelical and Reformed Church in Edwardsville. The Fall Bazaar dinner will be held Oct. 23 at Edwardsville high school, and the annual meeting of the Home Bureau will be held Oct. 24 at Eden Church in Edwardsville.

The major lesson on "Using Green and Lellow Vegetables" was presented by Mrs. Myrtle Hickman, who gave a demonstration of the varieties of vegetables on the market now, and prepared a broccoli dish with cream sauce which she served to the members. She explained that green vegetables can be served in different ways, with just the addition of herbs or spices or a little cream.

Mrs. Christie gave several pointers in her lesson on "Home Economics" and the members sent the dangers of open stairways, smoking in bed, faulty wiring, and other household hazards.

A tour of a furniture company is to be arranged for October by Mrs. Hickman, who also announced that the November district meeting will have Mrs. Elaine P. Wendler, home advisor from Edwardsville, presenting the lesson on "Food in History - Value - Low in Cost."

The guest speaker will be Mrs. Val Evers, deputy director of administration and home defense, who will present a program on "Home Defense" for this area.

Mrs. Dawes reported that a check of the annual district plans will be held at 7:30 p.m. Oct. 5 at the home of Mrs. Jack P. Dawes, 245 Edison Avenue. A display was arranged of pillows made by several members in the course of the year. Wigs and pictures were included in the display.

The evening's minor lesson on "Recipes at Your Fingertips" was given by Mrs. Kay Acquaviva, and was a resumé of recipes given by the unit in past years.

The October meeting will be held Nov. 2 at the home of Mrs. Lillian Adams, 4013 Rode Avenue, due to the home advisor lesson on "Food in History." Mrs. Lillian Adams, Mrs. Margaret P. Adams, Mrs. Norma Jean Ross, Mrs. Wilson, Mrs. Marie Giezelman, Mrs. Lorraine Koshu, Mrs. Angeline Brava, Mrs. Helen Cavar and the evening's guest, Mrs. Friedman.

TEA AT MICHELL PTA FOR MOTHERS
The Michell PTA entertained mothers of the kindergarten classes and new upper grade students at a tea Wednesday afternoon at the school on Bypass.

The hostesses, Mrs. Walter Moss, Mrs. Ida Hanfelder, Mrs. Gordon Dolan, Mrs. Laura Whitkamp and Mrs. John Digiacomo, used late summer flowers in the decorations, with the colors of gold and brown predominating.

Games were played, and prizes were awarded to Mrs. Sylvia Moore, Mrs. Hazel Kempes and Mrs. Mary Sperry.

Mrs. Hanfelder and Mrs. Whitkamp presided at the serving table and served to approximately 40 guests. The ladies were invited to join the PTA, and the meaning and purposes of PTA were explained by Mrs. Hanfelder.

Canasta was enjoyed, with Mrs. Lucille Mercer winning first prize for highest score. Mrs. Velma Petrillo scored prize and Mrs. Velma Siegelmeier, a guest, third prize.

The hostess used late fall decorations for the evening. A dessert course was served to the prize winners and Mrs. Canasta, Mrs. Siegelmeier, Mrs. Canasta, Mrs. Siegelmeier, Mrs. Canasta, Mrs. Siegelmeier.

VARIED LUNCHEONS WITH MRS. ABRAMS
Mrs. Maxine Abrams entertained the Variety club Wednesday evening in her home, 2410 Namecki road.

Canasta was enjoyed, with Mrs. Lucille Mercer winning first prize for highest score. Mrs. Velma Petrillo scored prize and Mrs. Velma Siegelmeier, a guest, third prize.

The hostess used late fall decorations for the evening. A dessert course was served to the prize winners and Mrs. Canasta, Mrs. Siegelmeier, Mrs. Canasta, Mrs. Siegelmeier.

Davis Testifying Today In NYC RR Hearing

Mayor Davis is in Indianapolis today to testify before the Interstate Commerce Commission on a railroad hearing called to consider the petition of the New York Central Railroad for control of the Baltimore & Ohio Railroad either solely or with the Chesapeake & Ohio Railway.

Mayor Davis, who is expected to return late tonight, testified "our community is financially dependent to a great extent upon the taxes paid by the New York Central." He pointed out that during 1961 the city paid a total of \$107,651 in taxes to Madison county and \$5609 to Granite City.

Any combination of merger which would ignore the interests of the New York Central in our area would be seriously detrimental to the interest of our citizens. Speaking for Granite City, Mayor Davis said he appreciated the advantages accorded to our city and to render the city more prosperous, he appreciated the interests of the Granite City public.

Man Reports Suffering Beating Last Night

Madison police are investigating a report by Harry Dury, 22, or 1017 Greenwood street, that he was jumped and beaten by an unknown man at 9:50 p.m. Sunday as he was walking on the 1300 block of Iowa street.

Taken to St. Elizabeth Hospital, Dury received first aid. Dury included nose bleeding.

Wayne Mercer's Condition Improving At Hospital
Wayne Mercer, 21, of 2018 Illinois Avenue, is progressing satisfactorily at Barnes Hospital, St. Louis, where he has been a patient since Sept. 19 for a hemiplegia kidney condition.

His mother, Mrs. Denver Mercer, said he received more than 30 blood transfusions last week and that he was expected to leave the family's appreciation to those who had given blood. She said he may still require several transfusions.

Dividend Reduced
O. S. Smith Corp. of Milwaukee, Wis., has reduced its current dividend on common stock from the usual 40 cents to 25 cents a share, it was learned today.

MRS. SMITH HOSTESS-TO DOUBLE DOZEN CLUB
Mrs. Ruth Smith entertained the Double Dozen club Tuesday evening in her home, 1745 Courtland street. She was playing cards with the hostess winning the evening's prize.

A late dessert course was served by Mrs. Smith to Mrs. Sandy Harper, Mrs. Patti Twillman, Mrs. Carol Hendricks, Mrs. Jerry Varady, Mrs. Mary Lu Awall, Mrs. Sharon Hillmer and Mrs. Rosemary Canzaro.

Mrs. Twillman has invited the club to meet with her on Oct. 12 in her home, 105 Riviera drive, for the next meeting.

MRS. GRAP ENTERTAINS
Mrs. Nancy Graf entertained members of her pinocle club on Thursday evening for a monthly meeting in her home, 3809 Franklin Avenue. Mrs. Doris Ross, a guest, excelled at cards and received top honors.

Others enjoying the evening were Mrs. Dean Graf, Mrs. Genevieve Graf, Mrs. Arlene Jones, Mrs. Melba Graf, and Mrs. Minnie Thomas, a newcomer to the club. A dessert course was served by the hostess, and the group was invited to the home of Mrs. Jones, 3233 Carlson Avenue, for the next meeting in October.

HI-LO CLUB MEETS
Mrs. Rosemary Kozar entertained the Hi-Lo club Thursday evening in her home, 2628 Center street. Games were played, with high score going to Mrs. Margaret Green and low score to Mrs. Ethel Jurgensen.

The hostess served a late dessert course to the prize winners and Mesdames Julia Olak, Lillian Kozar and Betty Mertz. Mrs. Lillian Kozar will be the hostess at the next meeting Oct. 26 in her home, 3505 Lydia Lane.

NAME DAUGHTER
Mr. and Mrs. James J. Jones, 2308 St. Bernard street, have named their infant daughter Jan. She was born Sept. 8 at St. Elizabeth Hospital. This is the first daughter for the Joneses, who have three sons, Mike, 14, Pat, nine, and John, seven. Grandparents are Mrs. Mildred Jones and Mr. and Mrs. Charles Byrnes of Venice.

Record Number Expected At 16th Annual B-I-A Dinner

Advance registration for the 16th annual Business-Industry-Agriculture Dinner, sponsored by the Tri-Cities Chamber of Commerce, indicates that the previous attendance records will be shattered.

Howard W. Kaseberg, chairman of the C. of Agriculture committee, reported today that over 230 reservations requests had already been received. Last year's dinner attracted 233 guests. The dinner is to be held at the home of Mrs. J. B. Williams, 1644 Venice Avenue, at 6:15 p.m. Thursday at the St. John United Church of Christ.

Howard W. Kaseberg, chairman of the C. of Agriculture committee, reported today that over 230 reservations requests had already been received. Last year's dinner attracted 233 guests. The dinner is to be held at the home of Mrs. J. B. Williams, 1644 Venice Avenue, at 6:15 p.m. Thursday at the St. John United Church of Christ.

Winner music will be provided by Dr. "Jack" Johnson at the organ. A mixed choral group from Granite City high school, under the direction of Warren Simpkins, will sing during the program. The dinner will be served by the St. John United Church of Christ.

Granite City PRESS-RECORD

3 Youngsters Treated At Hospital Saturday

Linda Peterson, 12, of 2419 Benton street suffered cuts upon running against a sliding glass door Saturday. Taken to St. Elizabeth Hospital at 2 p.m., she received suturing and plastic repair.

At 7:40 p.m. Saturday, Jerry Gregory, 14, of 128 Voight place was treated for an incision in the forehead after a sliding glass door struck him. He was taken to St. Elizabeth Hospital at 2 p.m. and received suturing and plastic repair.

Circuit Court Divorce
Linette E. Cagle of Granite City was granted a divorce from Elmer S. Cagle Friday in the circuit court at Edwardsville on the grounds of desertion. The couple married Aug. 21, 1954, in East St. Louis, and separated in October 1959. The plaintiff was granted custody of two minor children.

Air Explorers Receive Charter At Ceremony

An induction ceremony for charter members of Air Explorer Squadron Eight—first unit of its type in the Cahokia Mound Boy Scout Council—was held Thursday evening at the First United Presbyterian Church, Granite City, the sponsoring institution.

Squadron Adviser Charles V. Vian officiated, and the squadron's charter was presented during a ceremony by Luther Biggs, institutional representative, and Rev. David B. Maxton, pastor.

District Scout Executive Dan Bruhn presented a Region Seven seal to the unit for recruiting over seven members.

Activities of the new group have included a number of facilities at Lambert Airport, with regular scout and senior scout units in operation, the air squadron gives this area a complete range of scouting programs.

Cub Leader Training Sessions This Month

A busy month is in store for Cub Scout leaders of the Quad-Cities during October. It was announced today at the Cahokia Mound Boy Scout Council office.

To start the month, a Cub Scout leader training session will be held at 7:30 tonight at Carpenters' hall.

First session of a six-night training program will take place tomorrow evening at the Central Christian Church, then, on Wednesday, Oct. 11, the first of three daytime training programs for den mothers will be held.

Crafts that can be taught by den mothers will be featured.

FIRST AIR EXPLORER SQUADRON in the Cahokia Mound Boy Scout Council is shown receiving its charter. Pictured (left to right) are Lewis Van, committee chairman of Granite City First Presbyterian Church; Charles V. Vian, squadron adviser; Rev. David B. Maxton, pastor; Luther Biggs, institutional representative.

Son Born To Mr. And Mrs. Ronald Spengler

Mr. and Mrs. Ronald Spengler, 2624 Center street, are announcing the birth of their first child, a son, Sunday at Jewish Hospital, St. Louis. The baby, whose weight was nine pounds, four ounces, has been named Mark Patrick. Mrs. Spengler is the former Elvane Schuman, a daughter of City Judge and Mrs. Fred Schuman, 2850 Grand avenue.

The paternal grandparents are School Board President and Mrs. Robert Spengler, 3606 Terrace lane. The infant also has a great-grandmother, Mrs. John Spengler, 2502 Grand avenue.

Seasonal Work Under Way At GC Parks

A progress report submitted to Granite City park district commissioners Thursday night by Sup't. O. H. Williams listed considerable work at Wilson Park and neighborhood parks as well as a seasonal financial report on operation of concession stands at Wilson Park.

Receipts from the stands amounted to \$14,579 in 105 days operation down \$483 from \$15,352 for 91 days operation in 1960. The payoff was \$3071, down \$39 from \$3710 in 1960.

Williams, whose report covered the period Aug. 18 to Sept. 23, said paving at the Lincoln Place Community Center should be started within a few days and 60 truckloads of dirt had been hauled to the playground at Wilson Park. An old golf tee at Wilson Park off Felling road was removed with 90 loads of dirt used as fill at the park and playgrounds.

He recommended purchase of trees at \$1 and \$2 each with 40 to be planted at the Tricity Park playground, six at the Maryland Place playground and 10 or 12 at Triangle Park.

Dead tree removal included 25 from Wilson Park, 18 from the 24th street parkway and 11 from Triangle Park, with the large logs saved for bonfires.

Winterizing programs are under way at the park pool, softball and baseball diamonds and for the concession stands and trailers. Minor repairs have been made at the tennis court near the ball diamond backstops.

Installation of four night lights at the 27th street entrance to the park is expected within a few weeks, the superintendent reported.

Two More Nabbed In Dow Plant Aluminum Theft

Two men were fined \$100 each and placed on six months' probation Saturday by Madison Police Magistrate John Brink for petty larceny of scrap aluminum from the Dow Metal Products Co. They were Arnold Pratt, 27 of 211 Butler road, Venice, and Freddie Jones, 42 of 1025 Douglass street, Venice.

Pratt was arrested Friday and Pratt Sept. 27, police said. The two admitted "crawling under a wire fence Sept. 22 and obtaining 49 round pieces of aluminum valued at \$600 from a nearby storage yard before fleeing when guards and police arrived. Shots were fired. Alton Pryor, 44, of 1038 Logan street, Venice, was captured immediately and sentenced to six months in the county jail.

BRIDGE CLUB MEETS AT ANDERSON HOME

Mrs. Edith Anderson was hostess to the Bridge club Friday in her home, 2308 Elm street.

Games were enjoyed, and Mrs. Lucille Hamerlinck, high score, Mrs. Lillie Loar, second and Mrs. Shirley Costello, low.

The hostess served refreshments to the prize winners and Mesdames Dora Edwards, Joan Hillier, Ann Lore and Mary Beth Hughes.

Mrs. Costello invited the club to her home, 2212 Elm street, next month.

ENTERTAINS CLUB THE LUCKY TEN PLUS

Mrs. Virginia Ahrens entertained the Lucky Ten Plus club Friday in her home, 2836 Edgewood avenue, next month.

Games were enjoyed, and Mesdames Hilda Buzan, Willowden Craig, Virginia Marnion, Louis Parker, Dorcas Peach, Pauline Perkins, Faye Ryan and Marguerite Warren.

Mrs. Buzan invited the club to her home, 2837 Edgewood avenue, next month.

INFANT CHRISTENED

Mark Allen, son of Mr. and Mrs. Harold Hendrix, 2415 Patton avenue, was christened Thursday evening at Concordia Lutheran Church with Rev. Arvin Twietmeyer officiating. Sponsors were Mr. and Mrs. Ray Gorty.

Letter Writing Week Being Observed

This is National Letter Writing Week and the 24th annual one of that.

Taking note of the fact, Postmaster W. T. C. Overbeck, Granite City, Harry Johnson of Madison, and Charles Simmons of Venice are urging postal patrons to write at least two letters this week: one to a relative or friend who hasn't written in a long time, and the other in reply to someone who hasn't been answered in a long time.

Correspondence to people in other countries as a means of promoting greater international understanding is also urged during the week, which has a slogan, "Letters are links to friendship."

"A letter is still the most economical and personal way to extend greetings, communicate social news, and exchange ideas," Postmaster Overbeck said.

Local President Explains League Of Women Voters

The structure, meetings and policies of the Granite City Provisional League of Women Voters was explained to a group of local women Friday afternoon at the Granite City public library auditorium by Mrs. J. W. Senef, local president.

Mrs. Senef, in addressing the group of league members and other interested women who have not yet joined, said, "We support or oppose issues not candidates or parties."

In explaining the league's policies further, she explained, "Officers and board members are not permitted to engage in any political activities while in office, but members are encouraged to be active in the party of their choice."

She stated that the league must have at least four general

PLAN THIS YEAR'S
SUNBEAM ACTIVITIES
Sunbeam committees of the Second Baptist Church met Saturday morning to plan activities for the new year, Mrs. Julia Perford, director, was in charge.

Plans were made by Mrs. Amy Toney for the four-to-five-year-old Beginner, Sunbeams; Mrs. Betty Lewis for the six-to-seven-year-old Primaries and by Mrs. Mildred Perford for the eight-to-ten-year-old World Friends. Also discussed were Halloween events this year. Prayer was offered by Mrs. Perford and Mrs. Garin.

Meeting at the same time were George Wheeler and Junior FA members, who elected Randy Miller as president, Bruce Finner as vice-president, Oscar Toney as secretary and David Thiel, recreation chairman.

SPEAKERS ADDRESS
GLENVIEW ASSOCIATION
The September meeting of the Glenview Civic and Improvement Association was held Thursday evening at Wilson Park.

Mike Moosherdian conducted the meeting and introduced guest speakers, Sup't. of Streets William Warfield and Leonard Azorolo.

Warfield spoke on the influence organizations such as the civic association have on city government. Azorolo spoke on bus transportation in the Glenview area. A number of other points of interest were discussed.

The meeting was adjourned to a social time, with refreshments served. The next meeting will be Oct. 26 at the club.

MISS MOTT HONORED AT BRIDAL SHOWER

Miss Patty Mott was honored with a miscellaneous bridal shower Saturday in the home of Mr. and Mrs. Frank Hoppe, 2807 Edwardsville road.

The hostess was given by Mesdames Eva Hansel, Martha Page, Julia Nolan and Sue Schickel.

Games were enjoyed, and prizes were awarded.

The pink umbrellas and wedding bells decorated the gift table. A buffet luncheon was served by the hostess to approximately 75 guests.

Miss Mott is to be married on Nov. 11 to William Hoppe.

Monthly News

OCTOBER, 1961

NATIONAL PHARMACY WEEK

From today until the 7th, pharmacists are dedicating themselves to the practice of pharmacy.

THIS YEARLY PHARMACY WEEK

is our reminder that Pharmacy is an ancient and honorable profession, with ideals of service to the sick and that the health and safety of our patrons should always be our first consideration.

WE WILLINGLY OBSERVE THESE IDEALS

We must make a profit on our service to you, but we promise it will always be a fair one and that we will never permit the possibility of immediate greater profit to influence us.

PLEASE REQUEST OUR OPINION

Before buying any medicine or health aid you intend to use without a physician's advice, why not take advantage of our years of training and ask us if the product is safe. We will advise you if we think it would be wise to consult a physician.

FOR SELF TREATMENTS CAN BE HARMFUL

and some medicines, particularly those sold by mail and from door-to-door, can mask a serious condition, permitting an ailment to ravage your body. We will always give you our honest informed opinion. May we help you?
